spaces.

What makes us different?

- Warranty period is 5 years.
- Exworks Price List indicates the Public Price recommended.
- Average production Time = 5 weeks (25 working days).
- Environmental friendly products for your projects (ISO 14.001).
- Samples and Mock-ups are easily provided to success with your projects.
- A passionate and concerned team will be happy to assist you with any questions and ensuring a speedy response.
- Save money and time considering Viccarbe collection as the preferred partner for ancillary solutions.
- Only one contact to manage the sample and mock-up requests, the quotation, the logistics, and an accurate lead time!

Are you sure that all manufacturers offer the same?

The quality of the product has 2 clear different purposes:

1—Quality of materials performance (sewing stitching details, lacquers, etc) helps to improve the look and the proper aging after a severe use.

2—Furniture interaction with people = user safety.

Our products have passed the most demanding quality tests for severe use (Bifma and UNE) in search of maximum safety, to avoid a breakage to cause an accident that affects the user's physical integrity, which would lead to a legal responsibility for the trading company.

Viccarbe products, even including this added value, have a very balanced price so we recommend that you always compare "squares with squares"...

Greetings from the Viccarbe team!

SIMBOLS

Product available for outdoor use.

Weight of the packaged product in kg.

Number of boxes used for packing each product.

Maximum number of product inside the packaging.

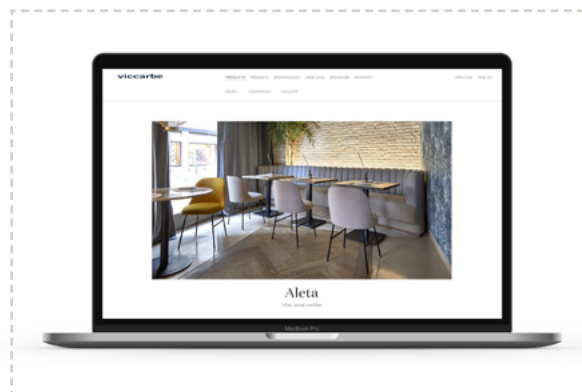

INSTRUCTIONS FOR USING THE PRICELIST

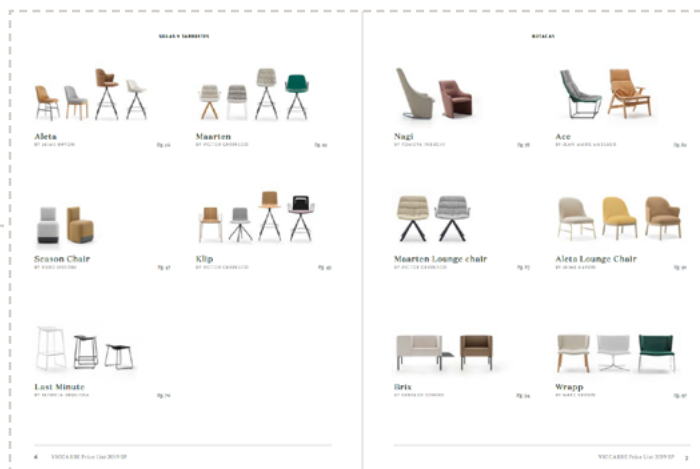

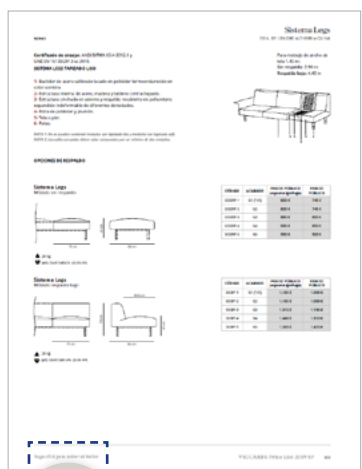

When you click on a product image in the index, the pdf will direct you to the page for the product.

When you click on the [blue](#) links, the pdf will direct you to the samples at the end of the document.

When you click the image of a product on the cover page, the pdf will direct you to the product website.

When you click on the words "click here to return to the index" at the bottom of a price sheet, the pdf will direct you to the index.

INFORMATION AVAILABLE ABOUT EACH PRODUCT

CODE	FINISHES	PUBLIC PRICE
The reference number of each product to be included in the order.	Indicates the possible finishes, both lacquers and upholstery, for each product (see page 22).	Price of the product in euros.

NEWS

Dear customer,

We would like to present the main novelties in the Viccarbe collection:

QUADRA chair: originated as a tribute to the delicate details, lines, and tools of architectural drawing, the meticulous work of Mario Ferrarini has shaped a new chair with refined and synthetic proportions. A convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting rooms, homes...), that can additionally be stacked in large quantities.

COPA chair: presenting a backrest with sinuous and particularly enveloping lines, the new Ramos-Bassols chair joins the collection with a wide range of bases. Standing out for its versatility and adaptability to the space, it upholds comfort as the common denominator at all times.

MAARTEN PLASTIC chair: this new version of the chair maintains the rhomboid-shaped seat that is characteristic of the Maarten family. Added features include a wide range of bases (four legs, sled, swivel, pyramid, wheeled...), and the option to be stacked for some of these, an excellent added value for shared spaces.

We also include a brief description of the most important changes we have implemented in existing families:

TRESTLE table: the engineering of the iconic table designed by John Pawson has been redefined with the aim of presenting new functionalities while completely maintaining its elegant and minimalist design. On this occasion, we are introducing:

New leg in metal (black or white)

New option of wire management leg and wire holder

Additionally, in case of including a powerbox on the tabletop, it will be placed from now on in a central position

New height of 105cm (41 11/32 ")

ALETA, MAARTEN, KLIP chairs: three additional swivel bases (flat, pyramidal, pyramidal with casters) that will help you to complete the different needs of any project – increasing the users' comfort and promoting collaboration amongst the team.

BURIN table: A new version of the table with three bases and 5 meters of length, specially conceived for large meeting areas and conference rooms.

SISTEMA sofa: New curved wooden and upholstered arm, which allows to combine one of the most iconic accessories of the sofa with the comfort of an upholstered arm.

Please take into account the changes implemented at the beginning of 2019 on the fabrics selection:

FABRICS – Models which have been added:

G2 – Camira – Main Line Flax

G2 – Camira – Era

G3 – Crevin – Tenzo

G3 – Crevin – Optim

G3 – Crevin – Bora Bora

G4 – Gabriel – Crisp

G4 – Kvadrat – Melange Nap

FABRICS – Models which have been discontinued:

G3 – Kvadrat – Cava 3

G2 – Camira – Lucia

G5 – Viccarbe Home – Velours Caviar

Please consider that the following collections were discontinued:

AD-HOC armchair.

SISTEMA sofa: oak and beech legs (for sofas on a frame). SISPRO

MAARTEN table: MAABD160HPL, MAABD160HPLM, MAAD160HPL and MAAD160HPLM, (HPL tabletop with black or white MDF finish).

MAARTEN storage units (those specified): DOCPU, DOCPUP, DO800B, DO800DB, DO800PB, DO800DPB. The supported tables of this family have also been discontinued: MAAA180, MAA160A, MAA180A, MAA180A, MAA200A, MAAA180A.

BURIN table: BUC140HPL, BUD150HPL, BUC240HPL, BUC300HPL, BUC300M, BUC300CN, BUC300CB, are no longer available

— NOVELTIES

You can get full up-to-date information, news, projects, etc., on our new website, rapidly and intuitively.

Move around our content and share everything you see on your social networks or send a friend the product they were looking for. 2D / 3D files and REVIT families for all the products are available, full traceability for moving around the web finding related information (photos of each product with the option to print or save them >> 2D/3D plans >> principal projects in which the product has been used >> information about the designer >> other products for Viccarbe by the same designer >> download the data sheet with all this info in a PDF to send it to a customer or a friend).

And much more content such as news, videos, prizes, new talents, etc..., which we hope will be pleasantly surprising and help you to learn more about us.

We remind you also that Viccarbe does not have paper pricelists: we are completely convinced that caring for our environment is caring for our future.

Please do not hesitate to contact our sales department in relation to any query you might have regarding our latest updates.

Best regards,

Viccarbe

CONSIDERATION

We inform you that VICCARBE doesn't have price list on paper, as a result of our environmental compromise ISO 14001.

We request you always check our prices and novelties totally updated with your commercial.

Taking care of our environment is looking after our future.

VICCARTE

The *Viccarte* collection edit artistic furniture pieces without pressure or market requirements.

Viccarte does not edit furniture pieces but sculptures so its use must be careful since they are not subject to tests of severe use, stability, etc. Therefore Viccarbe is not responsible for damages of the piece or to third parties for an improper use.

PROFESSIONAL

In www.viccarbe.com you can access to the 2D, 3D and REVIT families of all our products, to make it easier your decoration and interiors projects, in the _downloads area.

In the same way find the Catalogue, Certificates and samples.

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the Symbol_C by the Furniture Institute of Technology (AIDIMA), which guarantees that the products have been tested.

GENERAL SALES CONDITIONS

Public pricelist valid from 1st October 2019 .

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— HOW TO ORDER

All orders need to be received in written to e-mail:

export@viccarbe.com

and must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

— MINIMUM ORDER

Orders under 1000€ net will have an extra transport charge of 100€ (without any extra discount)

Except:

-Sweden: Orders under 1.000 € net will have an extra charge of 200 € (without any extra discount)

-Norway: Orders under 3.000 € net will have an extra charge of 350 € (without any extra discount)

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls. For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company; in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

— BANKING INFORMATION

Payments need to be settled through:

SABADELL

SWIFT: BSABESBBXXX

IBAN: ES2300811304660001010805

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations.

Viccarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer.

Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is phisically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— TRANSPORT INCOTERMS: DDP (Except Normay and Switzerland)

In case of air shipments, the material used to protect the product will be charged to the customer.

G2: UMAMI, METRIC, MESSENGER

G3: REMIX 2, MAPLE, FIELD 2

G4: CANVAS 2, HERO, SAVANNA, FIORD, MELANGE NAP

G5: STEELCUT TRIO 3, HALLINGDAL 65, DIVINA MELANGE 2, DIVINA MD

Gabriel

G2: MEDLEY, ATLANTIC, STEP, STEP MELANGE

G3: FAME, GAJA 2C2

G4: CRISP, GO CHECK

G5: CAPTURE, FAME-HYBRID

camira

G2: XTREME, URBAN, ADVANTAGE, CHATEAU, MAIN LINE FLAX, CITADEL (no disponible en UK), ERA

G3: MAIN LINE, AQUARIUS, BLAZER, NEXUS

The fabrics used are of the best quality in their category and subjected to prior testing. Even so, they cannot be formally guaranteed, particularly with respect to colour differences between the samples and products delivered at different times, as it is impossible to ensure a perfect match between the upholstery of an original composition and elements added later.

The footage indicated is based on a fabric width of 1.40 m.

In the case of leather upholstery (C.O.L.), the metres that figure in the price must be multiplied by 1.6 to calculate the necessary square metres.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

— **C.O.M. | C.O.L.**

They can be provided at the price indicated in the category for customer-supplied fabric (G1), but the fabrics must arrive at our factory with all shipping costs paid.

Any additional costs attributable to the customer-supplied fabric will be charged in the invoice.

Customer-supplied fabric notice:

- The customer-supplied fabric must be validated by the Viccarbe

technical department before the item can enter production. Therefore you Viccarbe must send a 20cm x 20 cm sample of each customer fabric.

- Please indicate the reference number of the order and product corresponding to the customer-supplied fabrics.

- The order cannot go into production until the fabric is received by Viccarbe.

— **CUT OUT**

VICCARBE offers the possibility of cutting tabletops to size. These custom cuts can be for accessories offered by Viccarbe and for external accessories.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

— **COMPOSITIONS**

For orders that include the SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT FINISHES

Any model not shown in this price list is discontinued.

To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— WARRANTY 5 YEARS

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

The guarantee is valid for 5 years (excluding the products in the Viccarte collection, for which it is 2 years) from the date of the invoice of Viccarbe.

During the term of the guarantee, the holder thereof shall be entitled to at least:

- a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.
- b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

Copa

BY RAMOS & BASSOLS

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide range of bases.

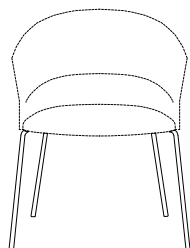

The silhouette, inspired by the shapes of an elegant crystal glass, encapsulates the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Moulded plywood seat and backrest covered with expanded polyurethane foam.

BASE OPTIONS

Aleta

BY JAIME HAYON

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

We use FSC certified wood.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

SEAT OPTIONS

Low backrest

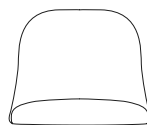

Moulded plywood seat and backrest covered with expanded polyurethane foam.

** Only available for stools.*

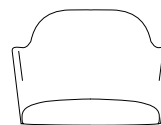

High backrest

Moulded plywood seat and backrest covered with expanded polyurethane foam.

High backrest with armrest

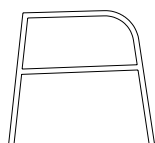

Moulded plywood seat and backrest covered with expanded polyurethane foam.

BASE OPTIONS FOR CHAIRS

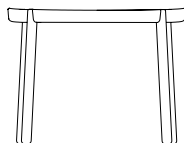

Four legs metal

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, sand or altea blue. Plastic glides in black or white.

Four legs wooden

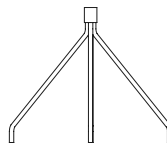

Structure in solid oak wood stained with the finishes of our collection. Plastic glides with or without felt.*

Swivel

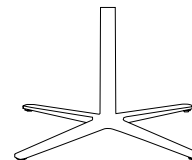

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand or altea blue.

Plastic glides in black or white.

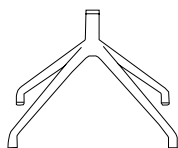

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Plastic glides in black or translucent.

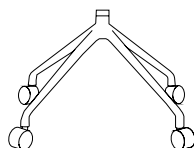

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Plastic glides in black or translucent.

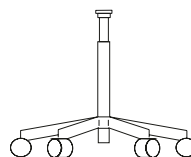

Pyramid casters swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black casters.

Five casters

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black casters*

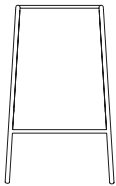

**6 weeks production time.*

BASE OPTIONS FOR STOOLS

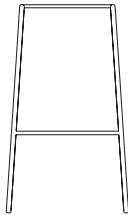

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black, sand or altea blue, and footrest in stainless steel.
Plastic glides in black or white.

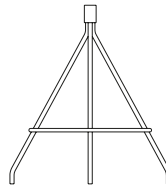

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black, sand or altea blue, and footrest in stainless steel.
Plastic glides in black or white.

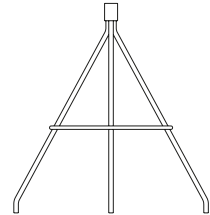

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand or altea blue and footrest in stainless steel.
Plastic glides in black or white.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand or altea blue and footrest in stainless steel.
Plastic glides in black or white.

Test certificates: ANSI BIFMA X5. 4 -2012 and UNE-EN 16139:2013 vc 2015

- 1- Calibrated steel structure powder coated in thermoreinforced polyester in white, black, sand or altea blue.
- 2- Moulded plywood seat and backrest covered with expanded polyurethane foam.
- 3- Fabric or leather.
- 4- Plastic glides in black or white.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

Maarten Chair

BY VICTOR CARRASCO

Maarten Chair

2012, BY VICTOR CARRASCO

CHAIRS AND STOOLS

Swivel chair for the home and for public facilities.

Its powder coated steel tube structure and its carefully made, elegant, upholstered seat recall the classics of the '70s.

Maarten is available in a wide variety of base and seat finishes to fit with all kind of environments.

Fixed upholstery covering available in the classic and plain version.

The swivel version is not stackable, but up to 4 units of the 4 leg version can be stacked.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

SEAT OPTIONS

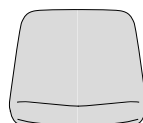

Plastic *Coming soon*

Injected polypropylene seat in white, black, sand, dusty green, yellow ochre or brick.

Smooth upholstery

3D curved plywood covered by expanded polyurethane foam with a smooth finish.

Soft upholstery

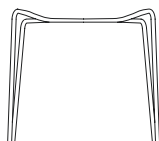

3D curved plywood covered by expanded polyurethane foam with a soft finish.

BASE OPTIONS FOR CHAIRS

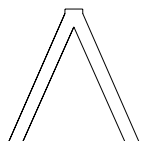

Four legs

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange.
Plastic glides in black or white.

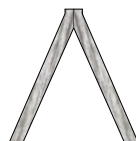

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange.
Clear polypropylene injection glides.

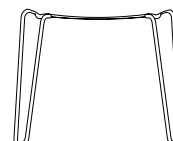

Wooden swivel

Calibrated steel swivel structure finished with oak veneer stained with the finishes of our collection.
Clear polypropylene injection glides.

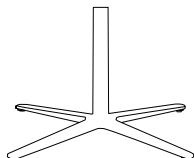

Sled *Coming soon*

Calibrated steel structure powder coated in thermoreinforced polyester in white, or black.
Plastic glides in black or white.

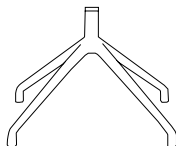

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Plastic glides in black or translucent.

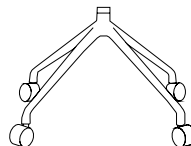

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Plastic glides in black or translucent.

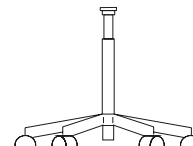

Pyramid casters swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black casters.

Five casters *Coming soon*

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black casters*.

*6 weeks production time.

Klip

BY VICTOR CARRASCO

KLIP is available in a wide variety of bases and seats to adapt to diverse environments. Totally in line with its original design we have made arms in lacquered steel tubing for our successful Klip chair.

Perfect for home and contract use, stackable up to 10 units for non-upholstered version or stackable up to 4 units for upholstered versions. Its name is a reference to the slot in its back, which serves

both as a handle for moving it about easily and as a support on which to hang handbags and the like.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

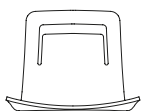

We use FSC certified wood.

SEAT OPTIONS

Stained / Lacquered

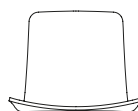

With handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back.
Maximum weight supported by the handle: 15 kg.

Without handle

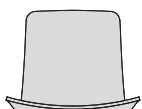

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without the handle in the back.

Upholstery

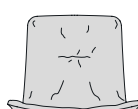

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

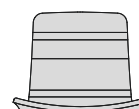

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

Stitching with lines upholstery

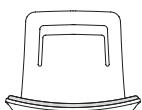

Plywood natural beech chair covered by expanded polyurethane foam, stitching with lines upholstery.

Combined

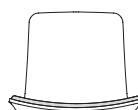

Stained / Lacquered with cushion and handle

Curved oak plywood stained or curved beech lacquered plywood lacquered in the finishes of our collection, with upholstered cushion and the handle in the back. Maximum weight supported by the handle: 15 kg.

Stained / Lacquered with cushion and without handle

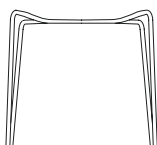

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with upholstered cushion and without the handle in the back.

BASE OPTIONS FOR CHAIRS

Four legs base

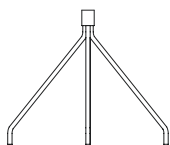

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange.
Plastic glides in black or white.

x10
Stackable up to
10 units.

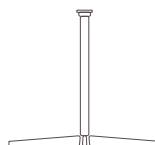

Swivel base

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange.
Plastic glides in black or white.

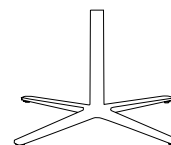

Four star swivel base

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange. Four star aluminium base.
Plastic translucent glides.

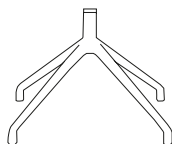

Flat swivel base

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Plastic glides in black or translucent.

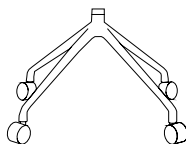

Pyramid swivel base

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Plastic glides in black or translucent.

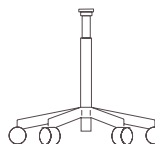

Pyramid casters swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black casters.

Five casters base

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black casters*.

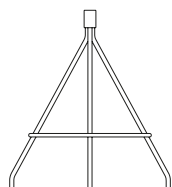

*6 weeks production time.

BASE OPTIONS FOR STOOLS

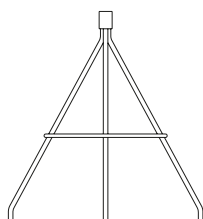

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange and footrest in stainless steel.
Plastic glides in black or white.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange and footrest in stainless steel.
Plastic glides in black or white.

Test certificates: UNE EN 16139:13 and ANSI BIFMA X5.1-2011

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, sand, altea blue or fluorescent orange. Plastic glides in black or white.

No more than 10 units of the four leg base should be stacked up and no more than 4 units of the four legs base with upholstered finishes.

Stackable up to
10 units.

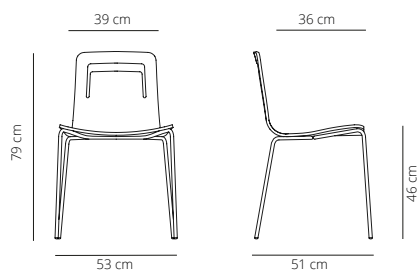

Minimum order
2 units.

table

CODE	FINISHES	PUBLIC PRICE
BRIM	white, black* and grey	160 €
	sand, tobacco, smoke grey and silver	170 €
	red, mustard, green, blue and bronze	180 €

The auxiliary table is manufactured in lacquered MDF in the colours of our collection and is symmetrical so it can be used on the right or the left alike.

Maximum weight: 20 Kg.

NOTE: The table is available for both arm options.

**The whole range of colours has a smooth lacquered finish, except black, which has a lacquered microtextured finish.*

Sistema

BY LIEVORE ALTHERR MOLINA

(1) Sistema Legs

Great durability and adaptability to diverse environments. System, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

(2) Sistema Legs + Soft

A meeting point between rationalism and warmth. Soft System emerges as an evolution of the System sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

(3) Sistema Floor

The ultimate version of the System sofa. Perfect for an additional degree of elegance and comfort thanks to its large upholstered modules.

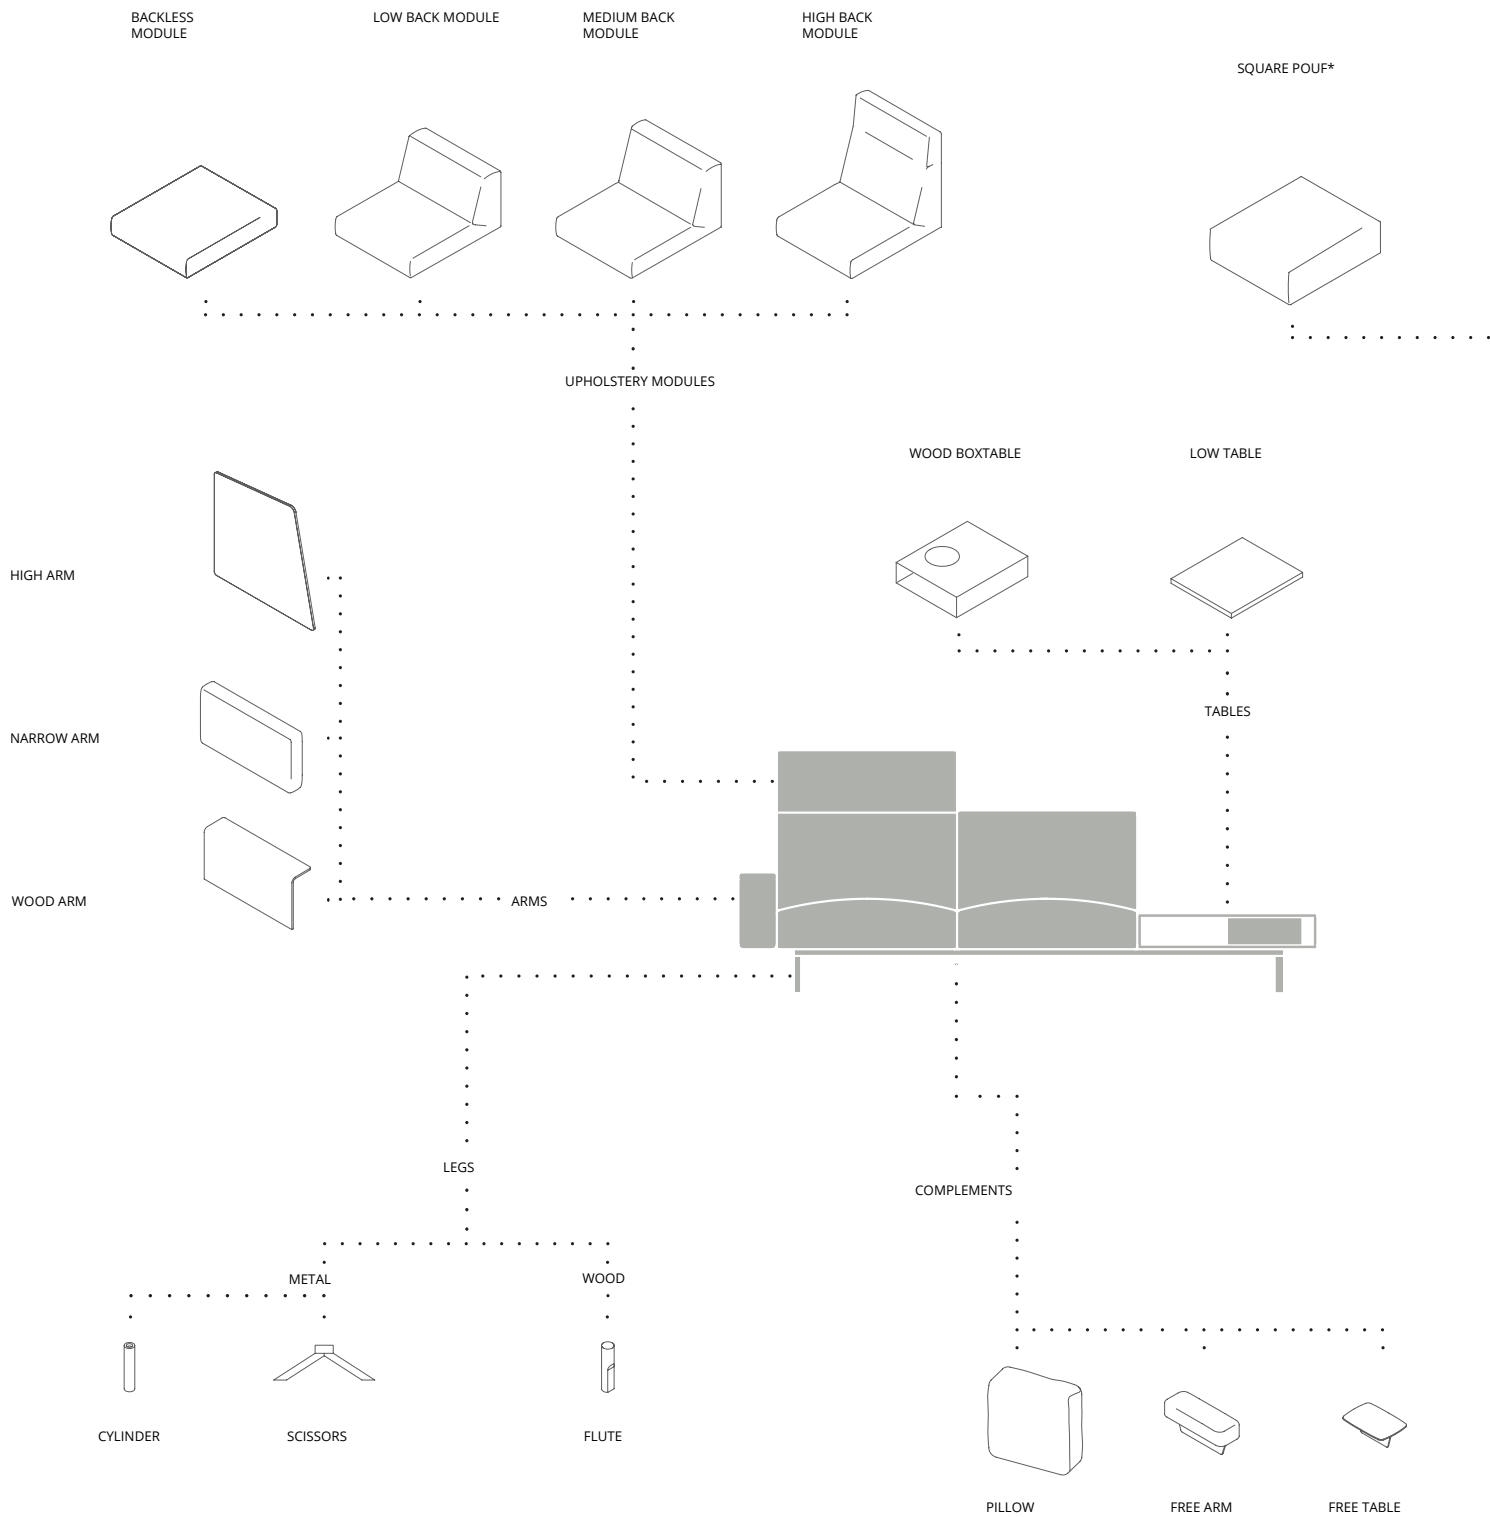

(4) Sistema Floor + Soft

The definitive approach to the aesthetics of a residential sofa: not only due to its form, but also, on this occasion, thanks to its carefully meditated interior. An extra bonus of comfort that it is sometimes not possible to renounce.

Season Sofa

BY PIERO LISSONI

Test certificate: ANSI BIFMA X5.4:2012 and
UNE EN 16139:13 vc 2015

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

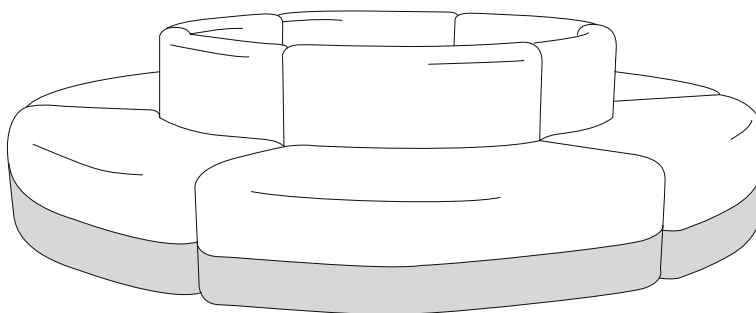

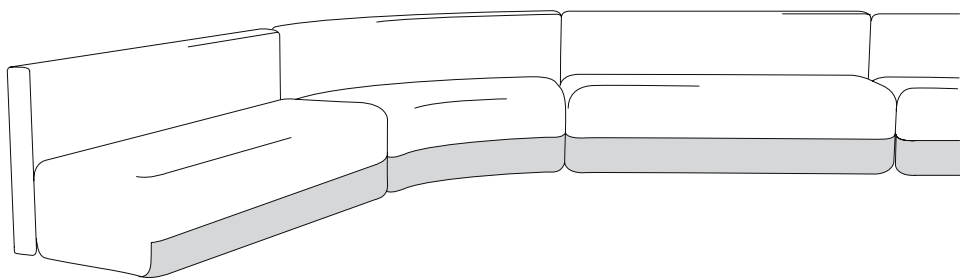

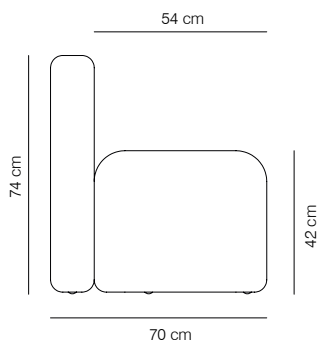

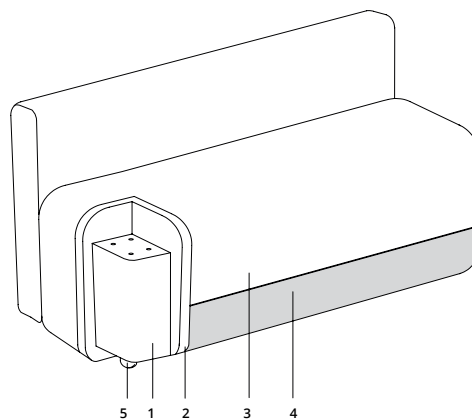

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. We use PEFC certified wood.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Upholstery protection (technical fabric, grey).
- 5- Height equalising legs.

Step

2013, BY VINCENT VAN DUYSSEN

SOFAS

Test certificate: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Step is a collection of seating and benches that allows for a wide variety of compositions by combining elements of differing dimensions.

Especially surprising because despite its precise formal geometric design; it has a very comfortable seat that is perfect for the residential market.

The tolerance of the different elements can be +/- 3 cm.

Cushions of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Not produced in leather.

1- Interior structure of arms, back and seat in solid wood.

We use PEFC certified wood.

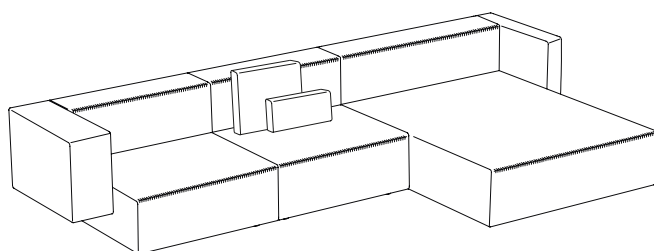

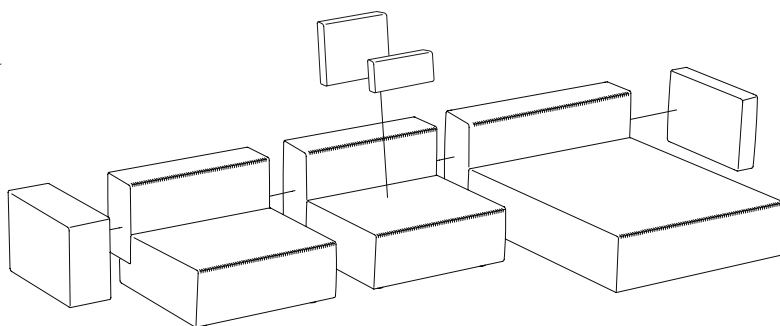

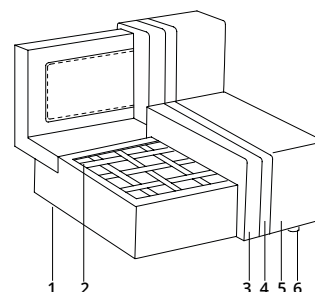

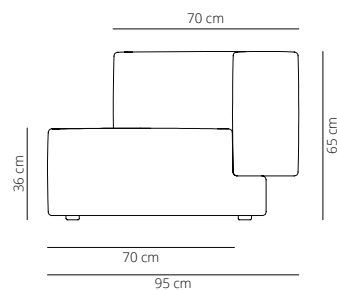

2- Woven seat and back structure.

3- Expanded polyurethane foam in different densities.

4- Polyester fibre covering.

5- Fabric.

6- Height equalising legs.

HANDMADE

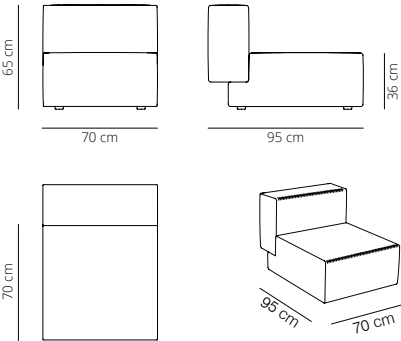

Seams*, colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

**Decorative seams are made by hand.*

Test certificate: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt

BY LUDOVICA + ROBERTO PALOMBA

Test certificate: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt is a collection of modular sofas and armchairs that allow to multiply compositions and finishes .

The seat depth of the sofa is 90 cm without cushions so do not forget to order the back cushions that you need.

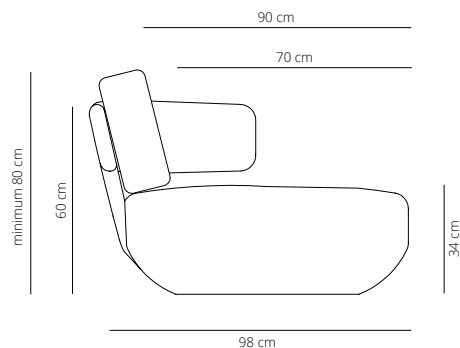

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.

The tolerance of the different elements can be +/- 3cm.

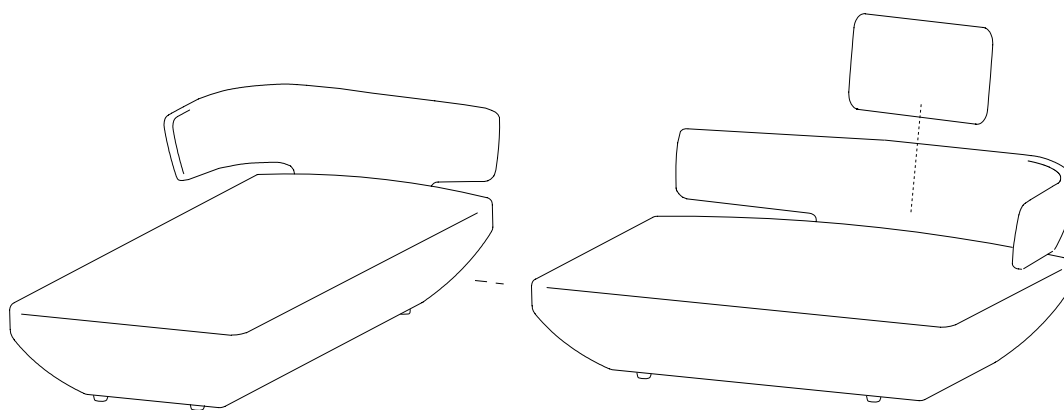

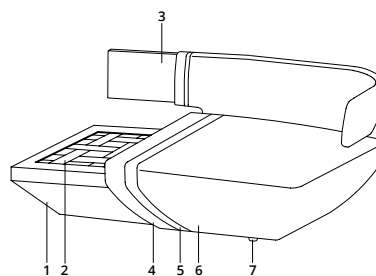

Indicate in the order the cushion/back that you would like.

Cushions in washed duck and goose feather with anti-acarus treatment.

Anti-feather scape cotton cover.

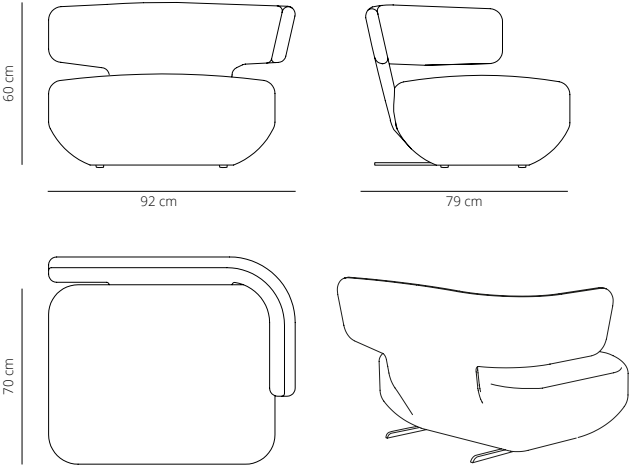

- 1- Interior structure of seat in solid wood. We use PEFC certified wood.
- 2- Woven seat structure.
- 3- Structure in plywood with curved back.
- 4- Expanded polyurethane viscoelastic foam in different densities.
- 5- Polyester fibre covering.
- 6- Fabrics or leather.
- 7- Height equalising legs.

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Needed fabric for material
1.40 m wide:

Torii

2018, BY LUDOVICA + ROBERTO PALOMBA

BENCHES

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

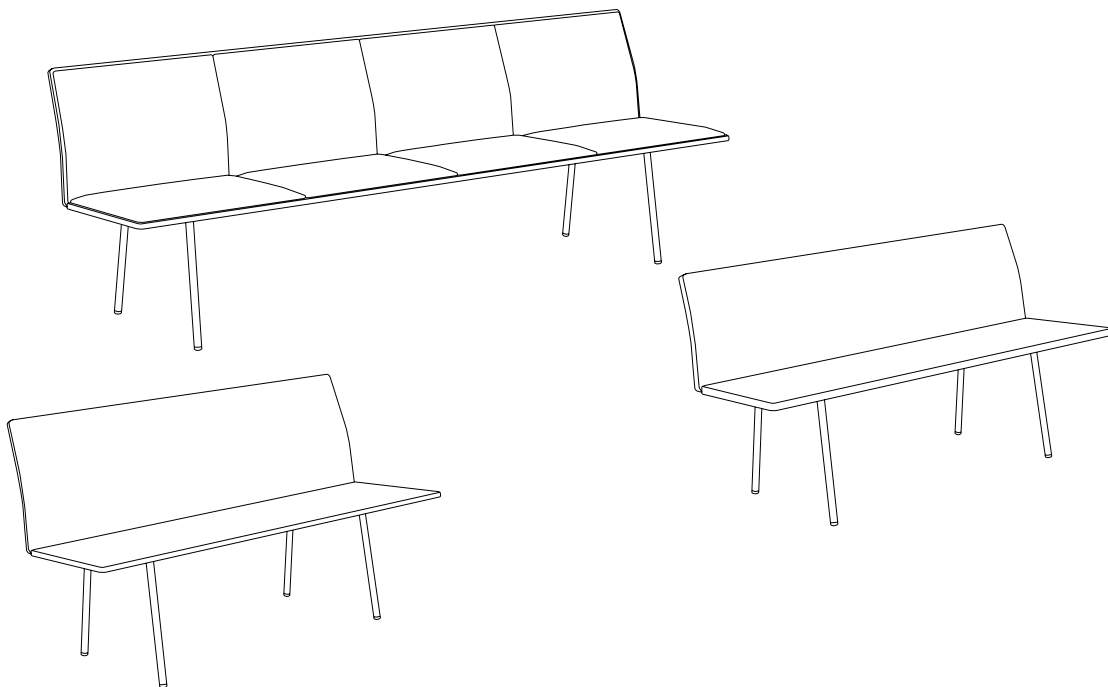

The new bench designed by Ludovica + Roberto Palomba is distinguished

by its multifunctionality and use, as it is typically placed in collaborative spaces and it can also take many different possible finishes (colours, upholstery and electrics).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

**Possibility of adding a USB port to charge electronic devices.*

CUSHION

Seat and backrest cushion made from 5 mm thick MDF covered in non-deformable foamed polyurethane.

There are two cushion models with different widths.

The position of the cushions on the bench is predefined by a series of set configurations.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

BENCHES

Certificado de ensayo: ANSI BIFMA X5.4-2012 (H 39.5 cm)

(See the list of tests on page 377.)

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 3 cm.

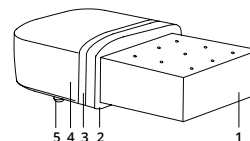

1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. We use PEFC certified wood.

2- Expanded polyurethane foam in different densities.

3- Polyester fibre covering.

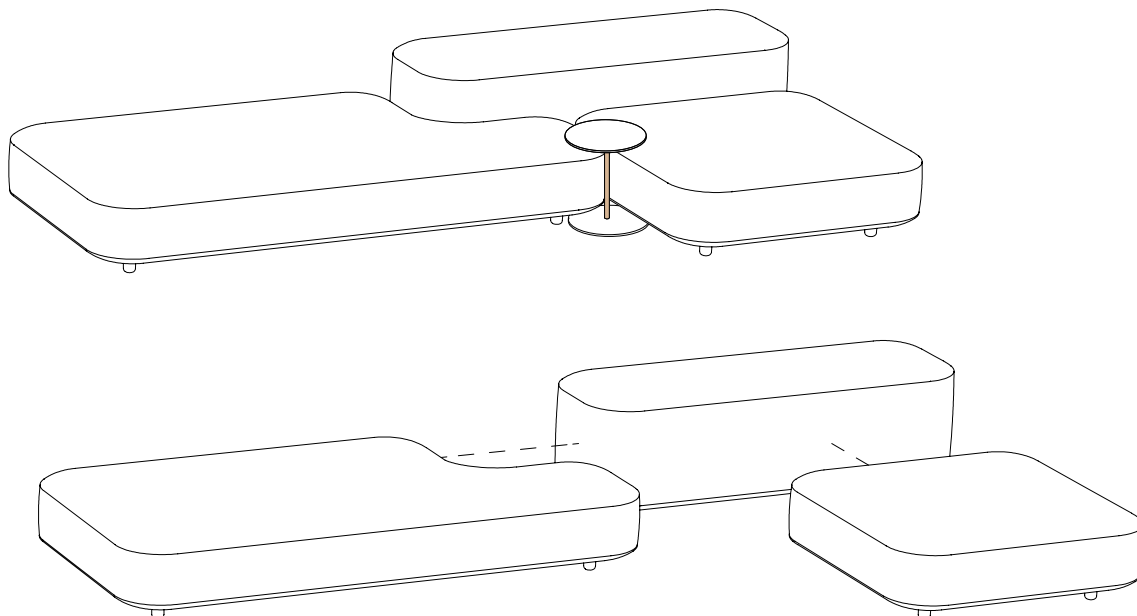

4- Fabric.

5- Legs in matt varnished natural beech.

***Not produced in leather**

NOTE: Available for the benches, felt glides. If not indicated, the benches will be produced with plastic glides.

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element for manufacturing purposes.

Maarten

BY VICTOR CARRASCO

Test certificates :UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (table height 74).

Maarten is a collection of tables and complements that allows many compositions and finishes.

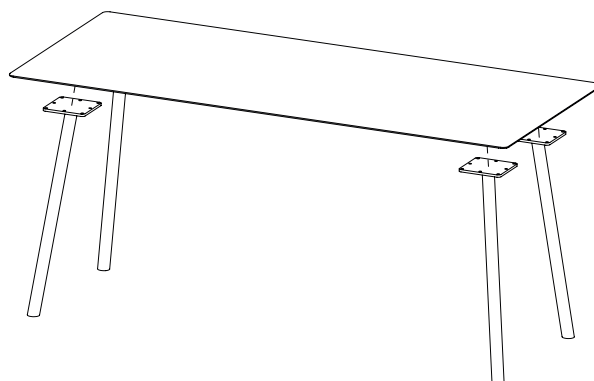

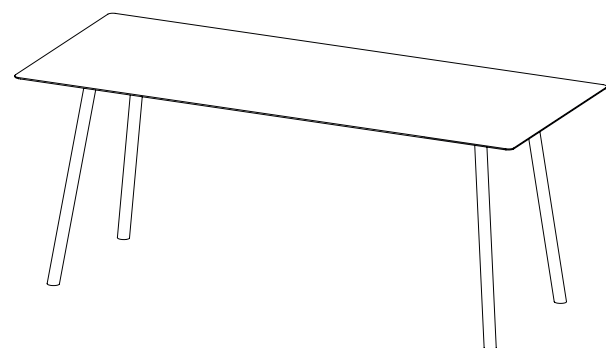

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

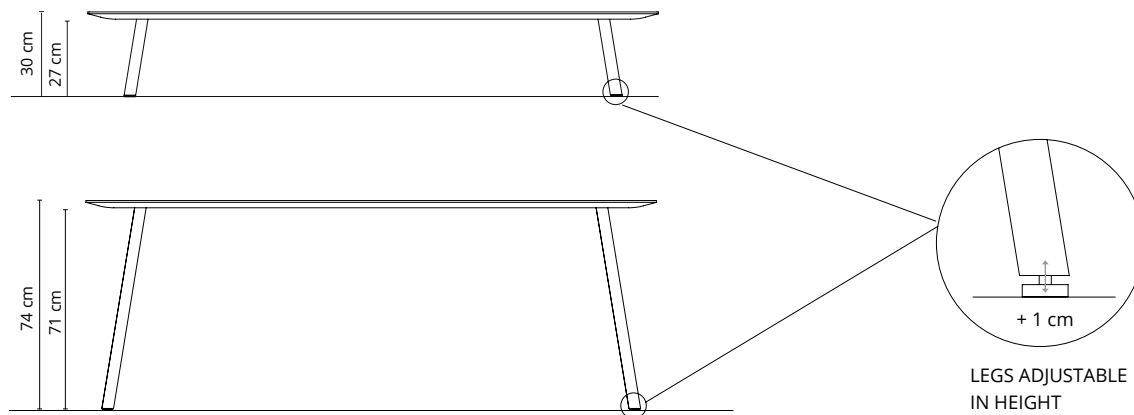

Thickness and type of table top edge:

The legs, which come in heights of 30 or 74 cm, are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, fluorescent orange, altea blue or a stained oak veneer with the finishes of our collection.

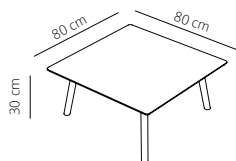

Different measures available for the height of the table:

Burin

BY PATRICIA URQUIOLA

Burin

2018, BY PATRICIA URQUIOLA

TABLES

Burin is a symbolic tribute to traditional wood carving tools. The unmistakable silhouette of the base runs through this extension of the collection to include a new table with a central base, available in different heights and a double version for large surface areas.

Conceived for both homes and community spaces, the new Burin table gives continuity to the family that was launched in 2011 with the side table designed by Patricia Urquiola.

NOTE: For orders including more than 10 units we offer an extra discount when shipping the tables without the counterweight. The client will make sure to buy and install the counterweight locally.

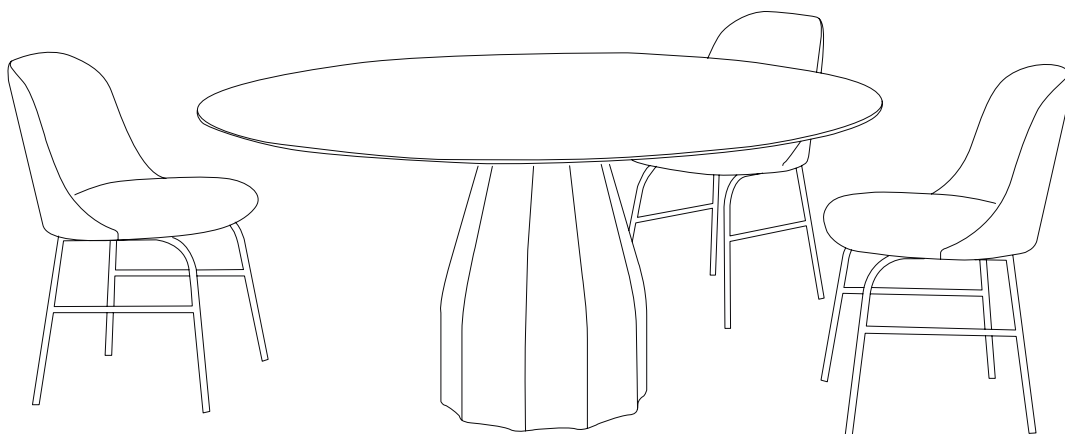

There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

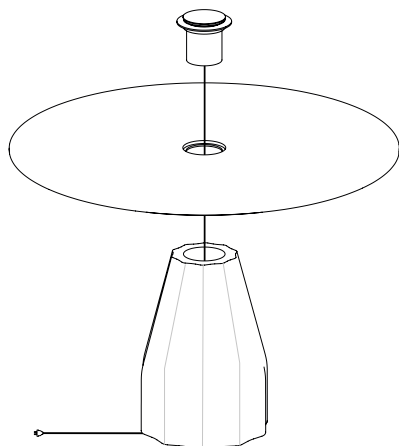

Central support available in roto-moulded polyethylene in white, black or sand.

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

	MDF HPL with MDF	Low pressure laminate	Compact
Thickness and type of table top edges available for each material:	 30 mm	 19 mm	 12 mm

Different electrification options:

Heights and types of bases available:

Range of tops for base A: D60 - D100 | 60x60 - 90x90

Range of tops for base B: D120 - D150 | 100x100 - 140x140

Range of tops for base C: D60 - D100 | 70x70 - 90x90

ACCESSORIES

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories need the approval of the technical department.

Burin
pop-up sockets

CODE	FINISHES	PUBLIC PRICE
BUTC	stainless	280 €

Hidden pop-up socket cylinder in stainless steel finish comprising 2 Schuko sockets or 1 Schuko socket + 2 charging USB. For different configurations, consult the sales department. The cylinder slots away in the tabletop, and pops up by gently pressing on it, offering the possibility of connection on four sides.

Not available for compact.

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Burin
USB port

CODE	FINISHES	PUBLIC PRICE
BUUSB	black, white	50 €

USB port for charging electronic devices totally integrated in the bench. Available in black or white.

Dimensions: Ø 3 cm

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Burin
wireless charger

CODE	FINISHES	PUBLIC PRICE
BUWI	-	200 €

Concealed wireless charger that is compatible with all devices with Qi version 1.2 wireless charging system. It has a quick charge system.

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Burin
rectangular conduit

1.2 kg

(x1) 34x18x9cm (0.005 m³)

NOTE: Electrification not available for models BUC500 and BUC500TX if it coincides with the center leg.

Aleta

BY JAIME HAYON

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5 R2013

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black, sand or altea blue.

Table top available in different measures, materials and thickness:

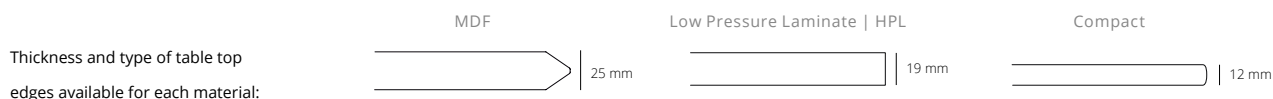

- 25 mm lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.

- Low Pressure Laminate (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

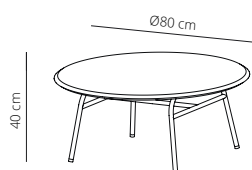

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

*NOTE 1: The height of the table varies according to the thickness of the different table tops.
The height indicated below refers to the MDF table.*

Trestle

BY JOHN PAWSON

Trestle

2014, BY JOHN PAWSON

TABLES

Test certificates: UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (Height 74 Wide 90)

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height.

Stained solid oak, solid beech legs and metal legs* lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.

Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (90 cm and 120 cm):

- 30 mm MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Also available in micro-textured lacquer in white, black, grey, sand or smoke.

- High pressure HPL laminate in black or white on a 30 mm thick MDF board with stained edges in transparent.

NOTE: For tables equal to, or longer than 480 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edge:

COMPONENTS FOR TABLE COMPOSITIONS

Apart from those suggested, there is a possibility to create your own table compositions.

for those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

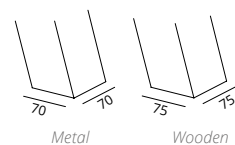

NOTE: Due to the fact that the wood used is natural, the finish may vary.

Colour code:

- Central top (TRMC - TRMCA)
- End top (TRME - TRMEA)
- Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

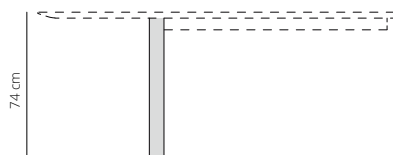

**The mesure for metal legs and wooden legs is slightly different.*

ACCESSORIES

WIRE MANAGEMENT

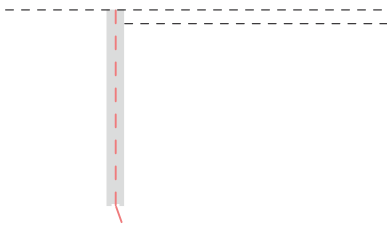

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

Base in calibrated powder coated steel tube in thermoreinforced polyester in black or white.

Different base sizes available. The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- "Sandwich" consisting in two parts, where the underneath part is always lacquered in the same colour as the base (black or white) and the top is in MDF lacquered or oak veneer finishes of our collection.

- Low Pressure Laminate (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

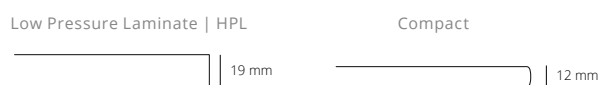

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

NOTE 2: Due to the fact that the wood used is natural, the finish may vary.

BY STUDIO VCCB

VICCARBE Price List 2019 EUROPE

V01 Sep.

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.

Four star aluminium legs on the base.

Table top available in different measures, materials and thickness:

- 15 mm thick MDF table top lacquered with the finishes of our collection.
- Low Pressure Laminate (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

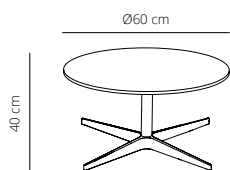

NOTE : The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

	MDF	Low pressure laminate HPL	Compact
Thickness and type of table top edges available for each material	 15 mm	 19 mm	 12 mm

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used finishing system.

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standard UNE 89401 - 1 and UNE 89401-2 and UNE 89401-3 to be used and a finishing system.

CERTIFICATES

ASPA

The model tested complies satisfactorily with specifications of standard UNE EN 15373:07, according to the following tests:
Horizontal fatigue.
Vertical fatigue for cantilever or pedestal.

The model tested complies satisfactorily with specifications of standard ANSI/ SOHO S6.5 R2013, according to the following tests:
Distributed functional static load.
Concentred functional static load.
Distributed proof static load.
Concentred proof static load.
Top load ease test - static.
Horizontal racking resistance test.
Drop test.

BURIN MINI

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

FEDELE

The model tested complies satisfactorily with specifications of standard ANSI/ BIFMA X5.4:2012, according to the following tests:
General requirements for safety.
Seat front edge static load test.
Vertical static load on back.
Horizontal static load on armrest.
Arm downwards static load test.
Seat and back fatigue test.
Fatigue on the front edge of the seat.
Fatigue on the armrest.
Leg forward static load.
Leg sideways static load.
Seat impact test.
Back impact test.
Arm impact test.
Stability.

MAARTEN swivel chair

The model tested complies satisfactorily with specifications of standard UNE EN 16139:13, according to the following tests:
Safety. General requirements and shear and squeeze points.
Seat and back static load test.
Seat front edge static load test.
Vertical static load on back.
Seat and back fatigue test.
Fatigue on the front edge of the seat.
Arm durability test.
Arm sideways static load test.
Arm downwards static load test.
Vertical upwards static load on arm rest.
Seat impact test.
Arm impact test.
Backward fall test.

NAGI high armchair

The model tested complies satisfactorily with specifications of standards UNE EN 16139:13, according to the following tests:
General requirements for safety.
Front roll-over stability.
Rear roll-over stability.
Stability roll-over in rocking chairs.
Static on seat load.
Load static on the front edge of the seat.
Durability of the seat and backrest.
Durability of the front edge of the seat.

SERRA rectangular

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.

LAST MINUTE

The model tested complies satisfactorily with specifications of standard UNE EN 16139:13, according to the following tests:
Fatigue on the front edge of the seat.
Fatigue on seat and back.
