NEW QUICKSHIP PROGRAM (ready to ship in 1 week), for a selection of 24 products.

GRADED-IN FABRICS: new Group 1 as entry level price.

PRICE VARIATION to be more competitive in projects.

1. New cushion for QUADRA chair

2. MAARTEN table, new version with casters

3. New preconfigured compositions for SEASON, SISTEMA, STEP sofas, and COMMON bench

Dear customer,

We would like to present the main novelties in the Viccarbe collection for 2020:

NEW ADDITIONS

- 1. QUADRA chair.** As one of the most successful products launched last year, Quadra evolves and offers the possibility of including a new upholstered cushion. Specially elegant in proportions, it brings a major comfort while maintaining the iconic silhouette of the chair devised by Mario Ferrarini.
- 2. MAARTEN table.** We're introducing new group of tables with casters specially conceived for office and educational environments. These new casters are available for Maarten table with metallic legs (casters in black or white) – adding a stopper brake for improving the user's security.
- 3. SEASON, SISTEMA, STEP and COMMON.** New preconfigured compositions, with the aim of facilitating the quote of these modular systems and their location off-plan.
- 4. ALETA, KLIP, MAARTEN stools.** These successful collections of stools evolve into a new monochrome version, with the metallic structures in full black, white and sand (applicable to both fixed and swivel versions).

QUICKSHIP PROGRAM *(ready to ship 1 week)*

We're introducing a curated selection of 24 products in stock, ready to ship in 1-week, and allowing the projects development in an agile way. Available from 1st March 2020.

DISCONTINUATIONS

Please consider that the following collections have been discontinued:

- **FEDELE Sofa.** Ref FES.
- **Low backrest, SISTEMA Sofa.** Refs SISBP y SISBPS.
- **TORII Bench, version with stained backrest and seat with cushion.** Refs TOC140 y TOC240.

FABRICS GRADED IN – NEW GROUP 1, ENTRY LEVEL

We're presenting a new Group 1 of fabrics as entry level for upholstery, adding the following references to the already existing:

- **GABRIEL.** Felicity, Tonal, Cura.
- **CAMIRA.** Xtreme, Urban, Citadel (from G2 to G1).
- **CREVIN.** Duo, Urus.

You can check the complete list of fabrics graded-in [here](#).

We remind you also that Viccarbe does not have paper pricelists: we are completely convinced that caring for our environment is caring for our future. Please do not hesitate to contact our sales department in relation to any query you might have regarding our latest updates.

Best regards,

Viccarbe

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- We try to design products with easily interchangeable parts, making it easier to recycle the various components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- We use PEFC certified wood in all products indicated.
- We use powder coating on all our metallic structures.
- We offer several graded-in fabrics which are 100% made of recycled materials.
- We appropriately recycle all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMME), which guarantees that the products have been tested.

VICCARBE TOOLS FOR ARCHITECTS AND DESIGNERS

At www.viccarbe.com you can access to the 2D & 3D files of all our products, making easier your projects development. It's possible to find them on the download section of our website.

Furthermore, you will also find every catalogue and sample card in regards the Viccarbe collection (including woods, metals, polypropylenes and fabrics), as well as high resolution pictures.

VICCARTE

The ViccArte collection edit artistic furniture pieces without pressure or market requirements.

ViccArte does not edit furniture pieces but sculptures so its use must be careful since they are not subject to tests of severe use, stability, etc. Therefore Viccarbe is not responsible for damages of the piece or to third parties for an improper use.

General sales conditions

Public pricelist valid from 1st February 2020.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— HOW TO ORDER

All orders need to be received in written to e-mail:

export@viccarbe.com

and must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

— MINIMUM ORDER

Orders under 1000€ net will have an extra transport charge of 100€ (without any extra discount)

Except:

- Sweden: Orders under 1.000 € net will have an extra charge of 200 € (without any extra discount)
- Norway: Orders under 3.000 € net will have an extra charge of 350 € (without any extra discount)

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls. For such purposes, "special order" shall be understood to mean those

products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company; in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

— BANKING INFORMATION

Payments need to be settled through:

SABADELL
SWIFT: BSABESBBXXX
IBAN: ES2300811304660001010805

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations. Viccarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is physically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— TRANSPORT INCOTERMS: EXWORKS

In case of air shipments, the material used to protect the product will be charged to the customer.

— IMPORTANT LOGISTICS PROCESS

Viccarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging.

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is € 20 / unit. Please note that pallets are not stackable.

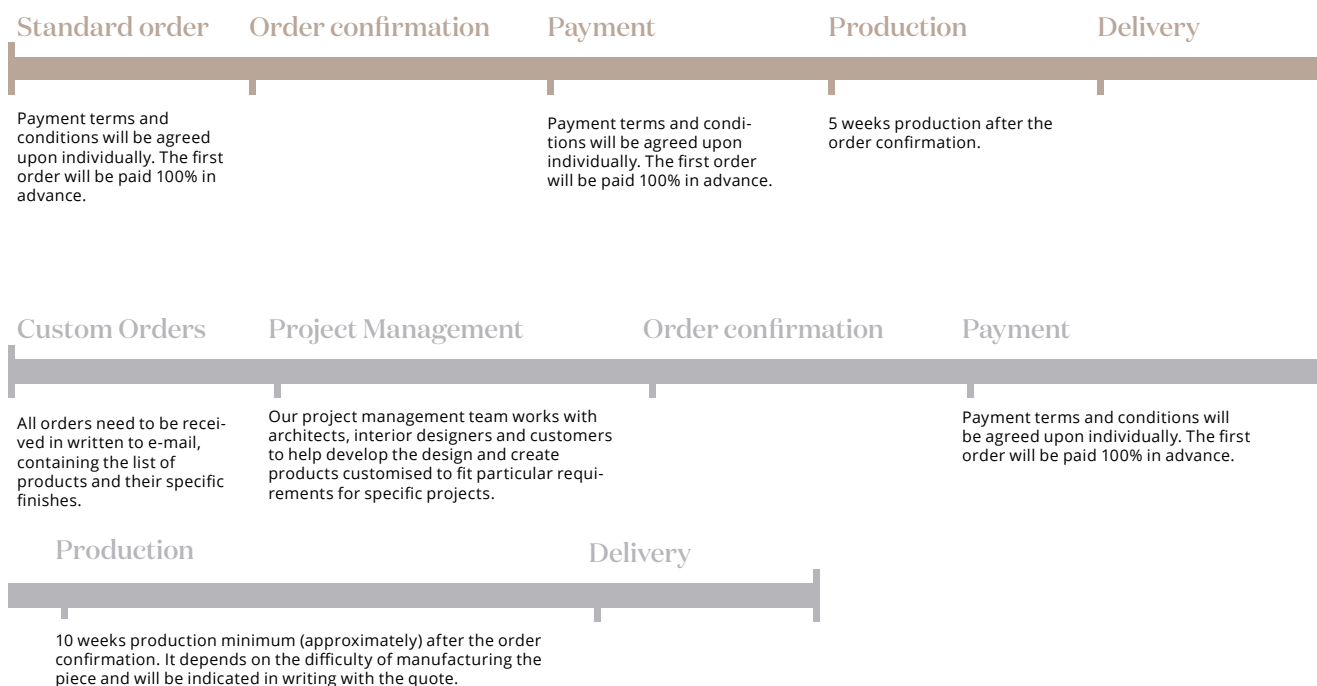

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

VERY IMPORTANT NOTE: in order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

— SPECIAL PACKAGING

Always under request and quotation to the factory.

The fabrics used are of the best quality in their category and subjected to prior testing. Even so, they cannot be formally guaranteed, particularly with respect to colour differences between the samples and products delivered at different times, as it is impossible to ensure a perfect match between the upholstery of an original composition and elements added later.

The footage indicated is based on a fabric width of 1.40 m.

In the case of leather upholstery (C.O.L.), the metres that figure in the price must be multiplied by 1.6 to calculate the necessary square metres.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

— C.O.M. | C.O.L.

They can be provided at the price indicated in the category for customer-supplied fabric (G1), but the fabrics must arrive at our factory with all shipping costs paid.

Any additional costs attributable to the customer-supplied fabric will be charged in the invoice.

Customer-supplied fabric notice:

The customer-supplied fabric must be validated by the Viccarbe

Please indicate the reference number of the order and product corresponding to the customer-supplied fabrics.

The order cannot go into production until the fabric is received by Viccarbe.

— CUT OUT

VICCARBE offers the possibility of cutting tabletops to size. These custom cuts can be for accessories offered by Viccarbe and for external accessories.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

— COMPOSITIONS

For orders that include the SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued.

To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— 5 YEARS WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

The guarantee is valid for 5 years (excluding the products in the Viccarte collection, for which it is 2 years) from the date of the invoice of Viccarbe.

During the term of the guarantee, the holder thereof shall be entitled to at least:

- a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.
- b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

Copa

BY RAMOS & BASSOLS

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide range of bases.

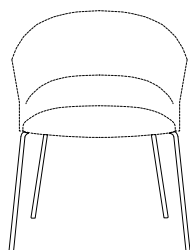

The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Moulded plywood seat and backrest covered with expanded polyurethane foam.

Aleta

BY JAIME HAYON

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

We use FSC certified wood.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

Maarten Chair

BY VICTOR CARRASCO

VICCARBE Price List 2020 EUROPA

V 01 Jan.

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s.

Maarten is available in a wide variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the classic and plain versions.

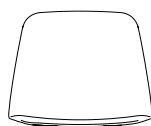

Plastic chairs with four legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

CHAIRS AND STOOLS

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather.

Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a support on which to hang handbags and the like.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

We use FSC certified wood.

Sistema

BY LIEVORE ALTHERR MOLINA

VICCARBE Price List 2020 EUROPA

V 01 Jan.

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Available both in Smooth and Soft upholstery.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Available both in Smooth and Soft upholstery.

Smooth Upholstery

Great durability and adaptability to diverse environments. System, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

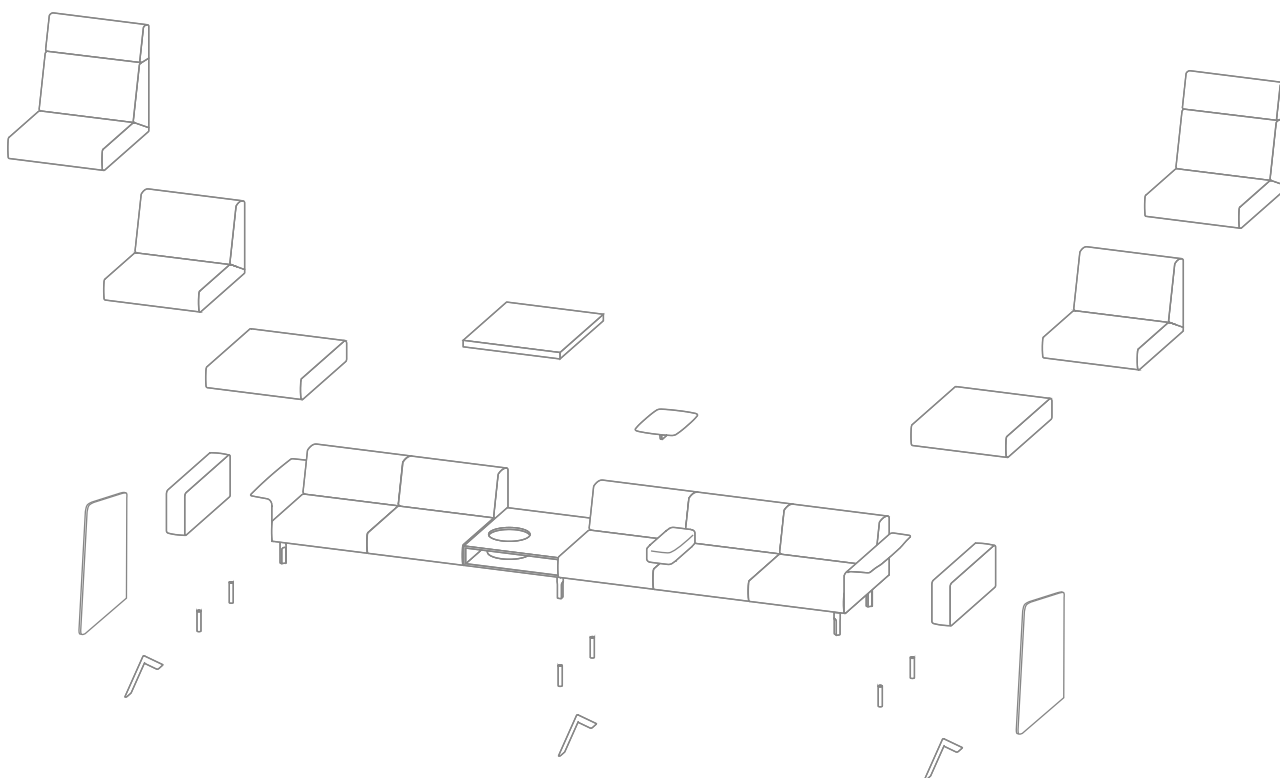

A meeting point between rationalism and warmth. Soft System emerges as an evolution of the System sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Season Sofa

2017, BY PIERO LISSONI

SOFAS

Test certificate: ANSI BIFMA X5.4:2012 and
UNE EN 16139:13 vc 2015

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

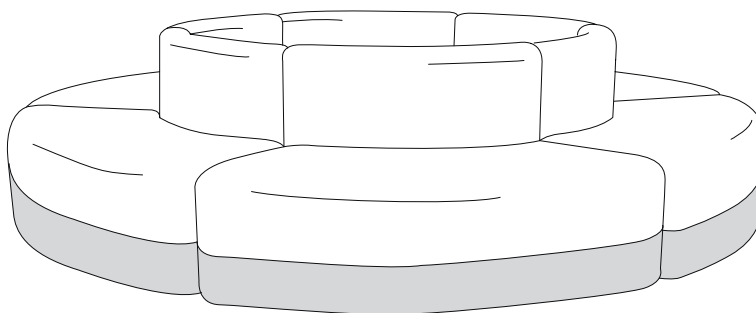

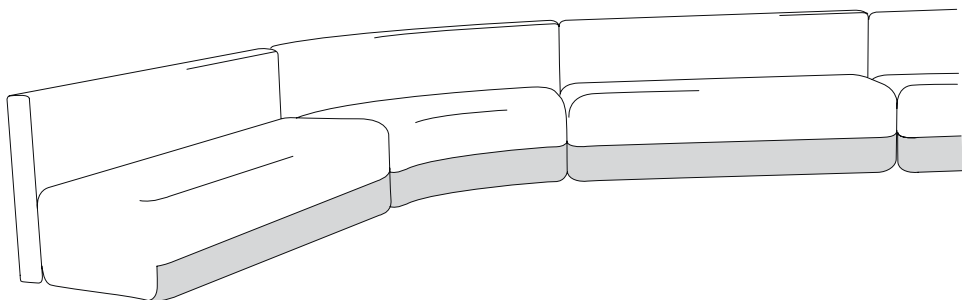

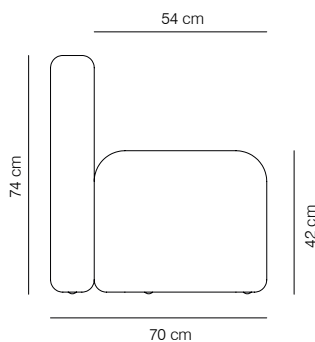

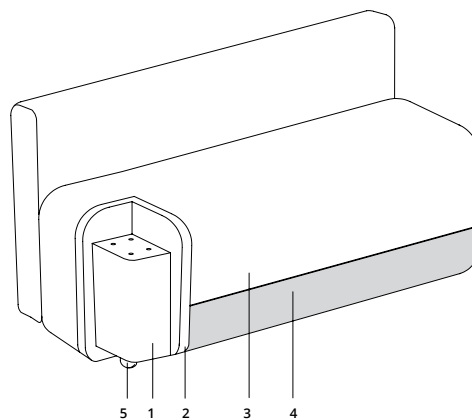

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of differing dimensions.

Despite its precise and formal geometric design, it is surprisingly comfortable, which makes it perfect for the residential use.

The tolerance of the different elements can be +/- 3 cm.

Cushions made of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Not produced in leather.

1- Interior structure of the arms, back and seat in solid wood.

We use PEFC certified wood.

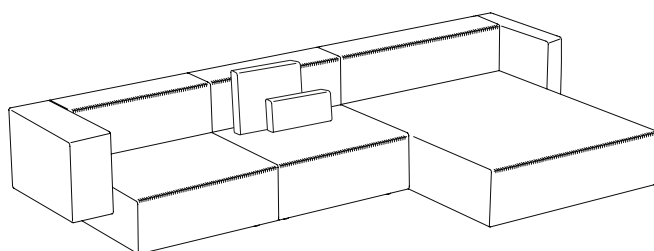

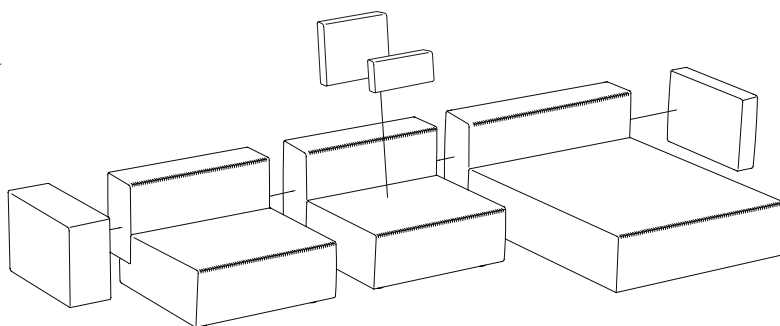

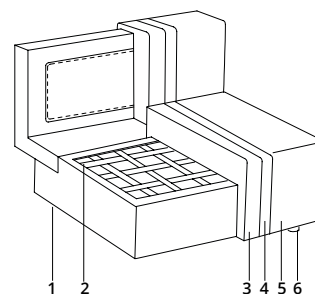

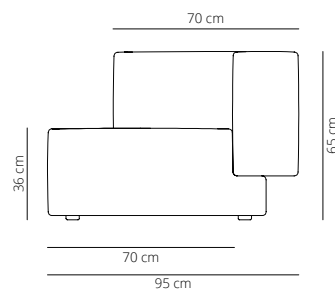

2- Woven seat and back structure.

3- Expanded polyurethane foam in different densities.

4- Polyester fibre covering.

5- Fabric.

6- Legs adjustable in height.

Levitt

BY LUDOVICA + ROBERTO PALOMBA

Test certificate: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt is a collection of modular sofas and armchairs that allow to multiply compositions and finishes .

The seat depth of the sofa is 90 cm without cushions so do not forget to order the back cushions that you need.

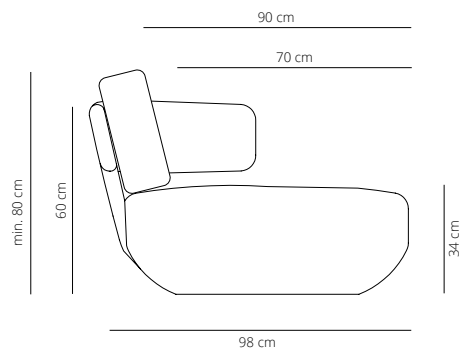

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.

The tolerance of the different elements can be +/- 3cm.

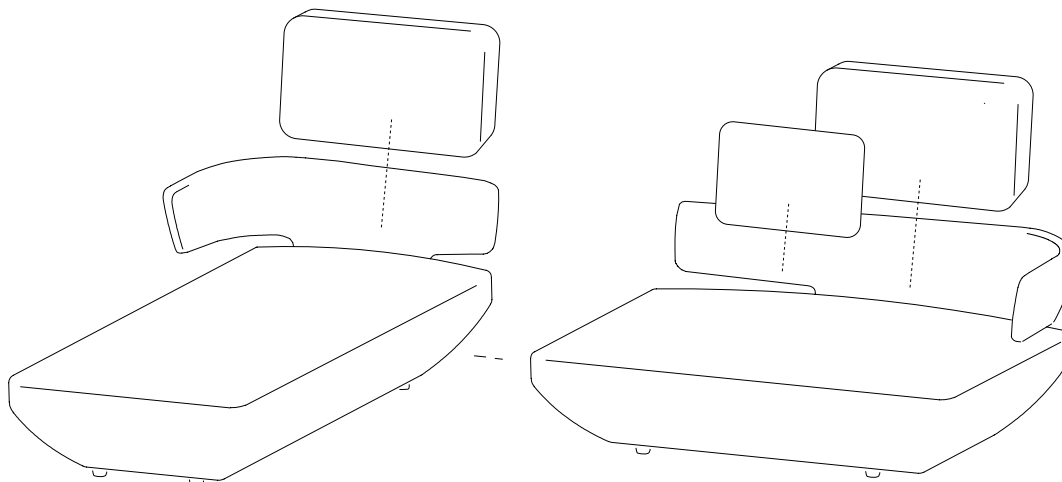

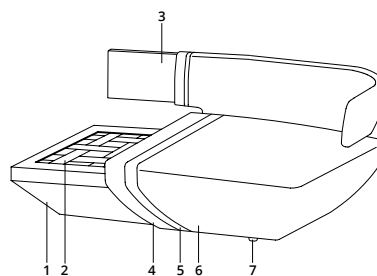

Indicate in the order the cushion/back that you would like.

Cushions in washed duck and goose feather with anti-acarus treatment.

Anti-feather scape cotton cover.

- 1- Interior structure of seat in solid wood. We use PEFC certified wood.
- 2- Woven seat structure.
- 3- Structure in plywood with curved back.
- 4- Expanded polyurethane viscoelastic foam in different densities.
- 5- Polyester fibre covering.
- 6- Fabrics or leather.
- 7- Height equalising legs.

The bench will be provided with the raised part on the right or on the left. Indicate the desired option in the order, remembering that left / right is understood by looking at the element from the front for manufacturing purposes.

Torii

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The new bench designed by Ludovica + Roberto Palomba is distinguished

by its multifunctionality and use, as it is typically placed in collaborative spaces and it can also take many different possible finishes (colours, upholstery and electrics).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions.

For those compositions, it will be necessary to choose two end seats, central seats according to the length of the table, and the legs (the number of legs will be the result of the number of total seats plus 1).

Certificado de ensayo: ANSI BIFMA X5.4-2012 (H 39.5 cm)
(See the list of tests on page 326.)

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 3 cm.

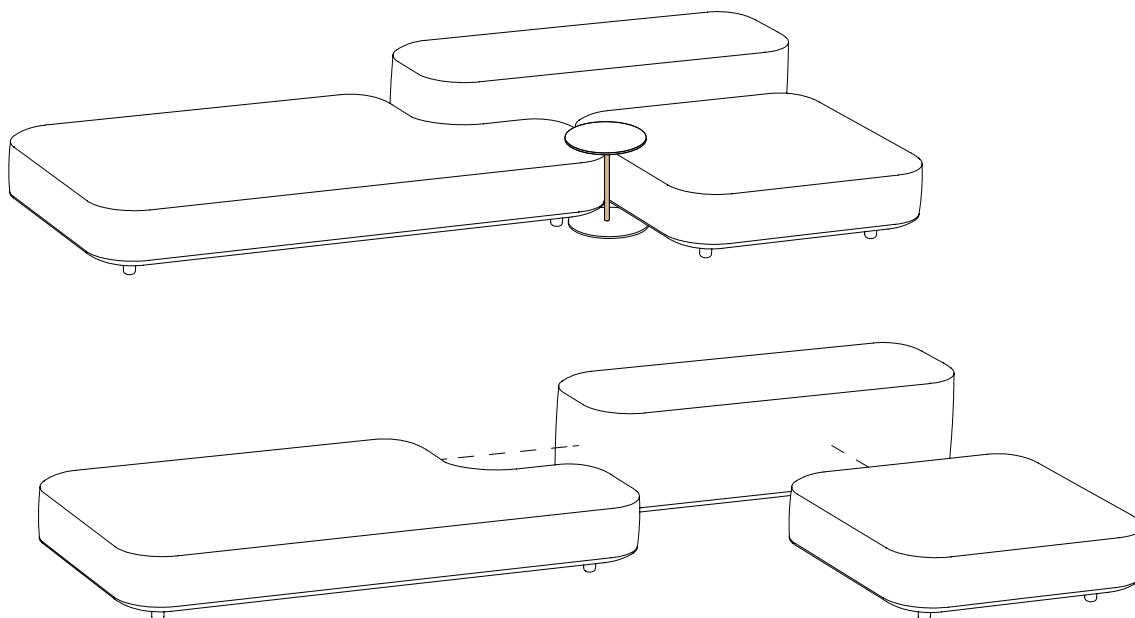

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. We use PEFC certified wood.
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric.
- 5- Legs in matt varnished natural beech.

***Not produced in leather**

* Felt glides available with an upcharge of 4€.

If not indicated, the chair will be produced with plastic glides.

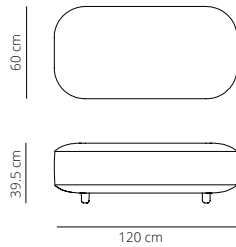

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Maarten

BY VICTOR CARRASCO

Test certificates :UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (table height 74).

Maarten is a collection of tables and complements that allows many compositions and finishes.

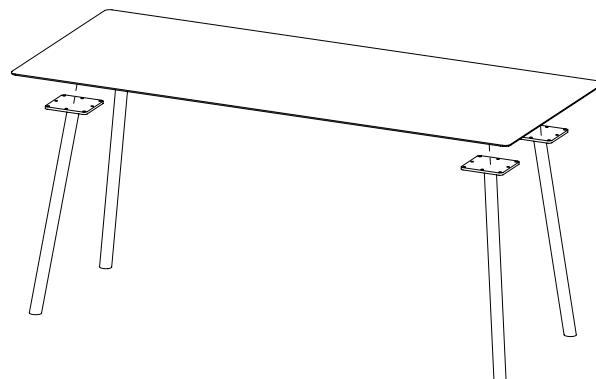

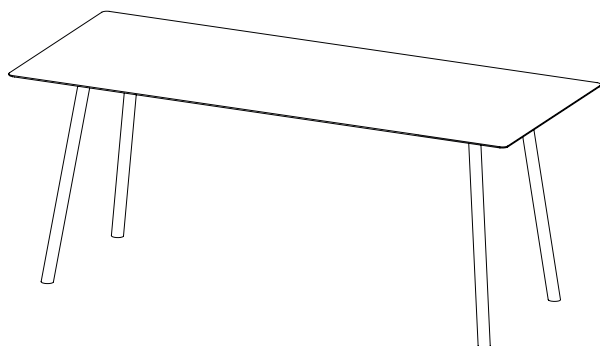

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

Burin

BY PATRICIA URQUIOLA

Burin is a symbolic tribute to traditional wood carving tools. The unmistakable silhouette of the base runs through this extension of the collection to include a new table with a central base, available in different heights and a double version for large surface areas.

Conceived for both homes and community spaces, the new Burin table gives continuity to the family that was launched in 2011 with the side table designed by Patricia Urquiola.

NOTE: For orders including more than 10 units we offer an extra discount when shipping the tables without the counterweight. The client will make sure to buy and install the counterweight locally.

There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

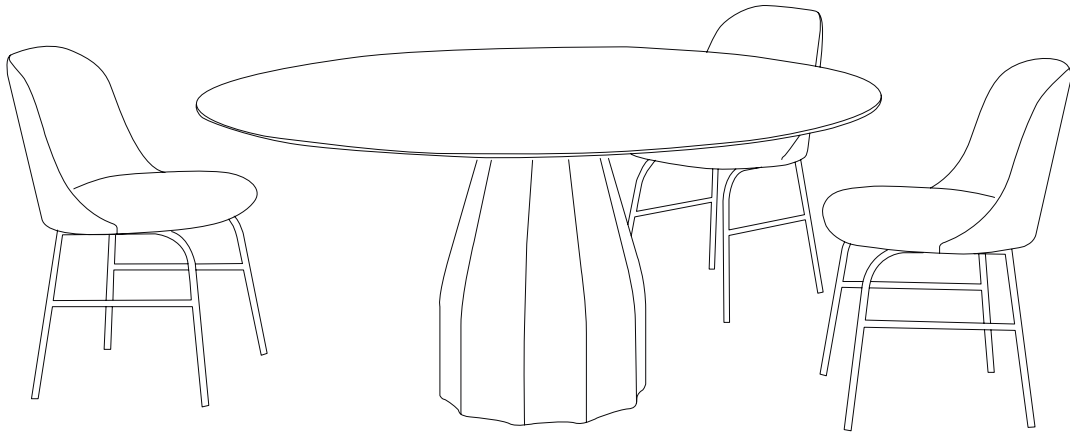

Central support available in roto-moulded polyethylene in white, black or sand.

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

Trestle

BY JOHN PAWSON

Test certificates: UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (Height 74 Wide 90)

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height.

Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.

Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (90 cm and 120 cm):

- 30 mm MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Also available in micro-textured lacquer in white, black, grey, sand or smoke.
- High pressure HPL laminate in black or white on a 30 mm thick MDF board with stained edges in transparent.

NOTE: For tables equal to, or longer than 480 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edge:

COMPONENTS FOR TABLE COMPOSITIONS

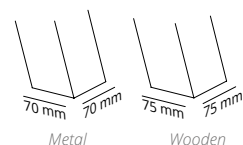

Apart from those suggested, there is a possibility to create your own table compositions.

For those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

- Colour code:
- Central top (TRMC - TRMCA)
 - End top (TRME - TRMEA)
 - Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

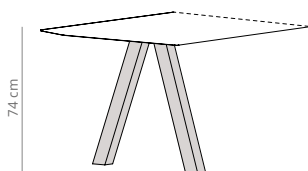

**The measure for metal legs and wooden legs is slightly different.*

ACCESSORIES

WIRE MANAGEMENT

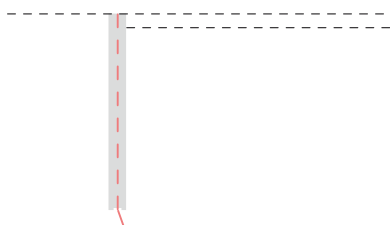

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

Base in calibrated powder coated steel tube in thermoreinforced polyester in black or white.

Different base sizes available. The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- "Sandwich" consisting in two parts, where the underneath part is always lacquered in the same colour as the base (black or white) and the top is in MDF lacquered or oak veneer finishes of our collection.

-Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

NOTE 2: Due to the fact that the wood used is natural, the finish may vary.

Base in powder coated steel in thermoreinforced polyester in white (RAL 9016), grey (RAL7004) or black (RAL9005). The white base of the Stan table is in RAL 9016.

Different base sizes available.

The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.
- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.
- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

*The term of manufacture of the Stan tables is 6 weeks.

NOTE: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the compact table.

Thickness and type of table top edges available for each material:

PERMABLOK³®
ADVANCED VINYL PROTECTION

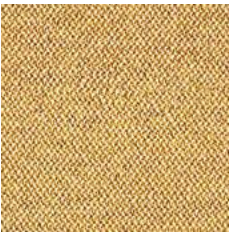

*Protections

A vinyl protective coating engineered to create a tough, effective barrier against the three biggest problems encountered in healthcare and hospitality environments: germs, abrasions and stains. You can't see it or feel it, yet the protection it offers results in extended performance and lasting beauty with a minimum of care.
