Price List

2021 EUROPE Vo4

We inspire Mediterranean experiences in unique collaborative spaces

Why Viccarbe

- Our warranty period is valid for 5 years
- Average production time, 5 weeks (25 working days)
- Quickship program for a curated selection of products (ready to ship in 1 week)
- Samples and mock-ups easily provided to success with projects
- Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA)

Quality, sustainability, affordability

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources - designing and producing furniture pieces that could last in time.

Dear client,

Please find below the latest novelties for our collection, that will be available from July 2021.

THE COLLABORATIVE OUTDOOR - PRODUCTS *(Separate Price List)*

We introduce our latest project The Collaborative Outdoor. A coveted selection of pieces, thought to foster collaboration, creativity, observation, and inspiration outdoors, connecting us back with nature. A collection that offers so much more than products, but kind sol solutions to enjoy the alfresco area as a relaxed extension of the office.

NEW ADDITIONS

1. **Solar.** The new swivel table with integrated seat designed by Marc Krusin, leads up to new ways of interaction in outdoor and indoor areas. Solar rotates depending on the user's needs, enhancing privacy but collaboration too. A disruptive piece that connects spaces and transforms the exterior areas in a relaxed extension of the indoor space. Distance and proximity all in one.
2. **Copa Soft.** The new proposal for the Copa collection is an ode to comfort. The new seat is even more comfortable, inviting and enveloping. Available for all the bases in the collection. Say hello to extreme comfort.
3. **Copa with two-tone backrest.** New compositions for the Copa collection, now with the possibility of combining two different fabrics on its backrest. Combine leather or leatherette on the outside with other fabrics on the inside of the backrest to create a totally personalized piece.
4. **Updated cushion measurements.** All cushion measurements are updated and standardized for all the sofas in our collection plus the Levitt armchair. For complete specifications, check each model individually.

QUICK EXPEDITION *(Quickship)*

We have renewed the quick expedition service, formerly 'Quickship', adding many new references and offering two groups depending on the expedition time: A large selection of products available for expedition in 5 business days and, as a novelty, a group of upholstered products ready for expedition in 15 business days.

DISCONTINUED PRODUCTS

The following products have been removed from production:

- **Colubi two-seater sofa.** REF. TA08
- **Wrapp armchair, sled base.** REF. WRN
- **Height 74 cm of Aleta table.** REF. ALMED80
- **Brass finish for the Bamba side table.** REF. BAMBA
- **Model B of the Tiers side table.** REF. T1BBRO and T1BB
- **Height 35cm of the Up In The Air side table.** REF UP35. **Finishes of 1 and 3 fishes are also discontinued.**
- **Small size of Keel shelf.** REF. KEEPRO and KEEPTX. **Lacquered DM finishes are also discontinued in all its versions.**

REF. KEEMTX and KEEGTX

We remind you that Viccarbe does not have printed pricelists as we are truly committed that taking care of our environment means taking care of our future. Please do not hesitate to contact our sales team if you have any queries or requirements involved with our latest novelties.

Best regards,

Viccarbe

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- We try to design products with easily interchangeable parts, making it easier to recycle the various components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- We use powder coating on all our metallic structures.
- We offer several graded-in fabrics which are 100% made of recycled materials.
- We appropriately recycle all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.
- Following our commitment to the environment, we have launched a new line of conscious furniture together with ECOALF, sustainable and ethic fashion brand. The first piece of this joint-venture is Maarten chair, upholstered with a 100% recycled material.

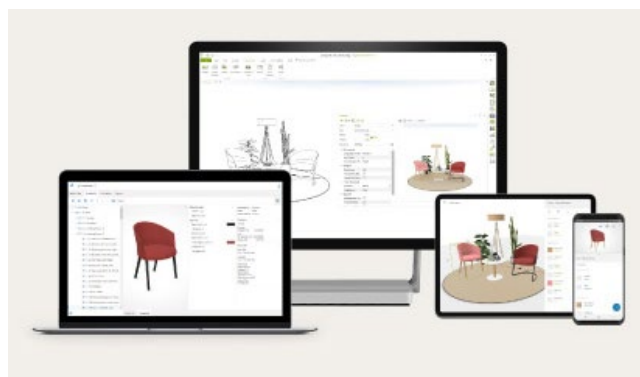

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMA), which guarantees that the products have been tested.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products at www.viccarbe.com in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at www.viccarbe.com/configurator, allowing to configure and visualize product compositions that match any specific project requests.

BIMObject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

General sales conditions

Public pricelist valid from 1st July 2021.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— HOW TO ORDER

All orders need to be received in written to e-mail:

export@viccarbe.com

and must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

— MINIMUM ORDER

Orders under 1000€ net will have an extra transport charge of 100€ (without any extra discount)

Except:

-Sweden: Orders under 1.000 € net will have an extra charge of 200€ (without any extra discount)

-Norway: Orders under 3.000 € net will have an extra charge of 350 € (without any extra discount)

- France & Belux: Orders under 600 € net will have an extra charge of 60 € (without any extra discount)

— COMPOSITIONS

For orders that include the SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued.

To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

— CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls. For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company; in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

— BANKING INFORMATION

Payments need to be settled though:

SABADELL

SWIFT: BSABESBXXX

IBAN: ES2300811304660001010805

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer

will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations.

Viccarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is physically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— TRANSPORT INCOTERMS: DDP (EXCEPT NORWAY, SWITZERLAND AND UNITED KINGDOM - DAP)

In case of air shipments, the material used to protect the product will be charged to the customer.

— SPECIAL PACKAGING

Always under request and quotation to the factory.

— IMPORTANT LOGISTICS PROCESS

Viccarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging.

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is € 20 / unit. Please note that pallets are not stackable.

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

Att. Client: You are expressly warned that if you do not indicate on the delivery note "RECEIVED WITH RESERVATIONS", even if the packaging is not damaged, Viccarbe will not be responsible for possible damage to the product due to its transport.

VERY IMPORTANT NOTE: in order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

— 5 YEARS WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might be a slight difference in wood tonality.

Up in the Air: All the elements that are used to compose the table Up in the Air are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of the fishes and its silicone. We recommend avoiding placing the table near a direct light source for a prolonged period.

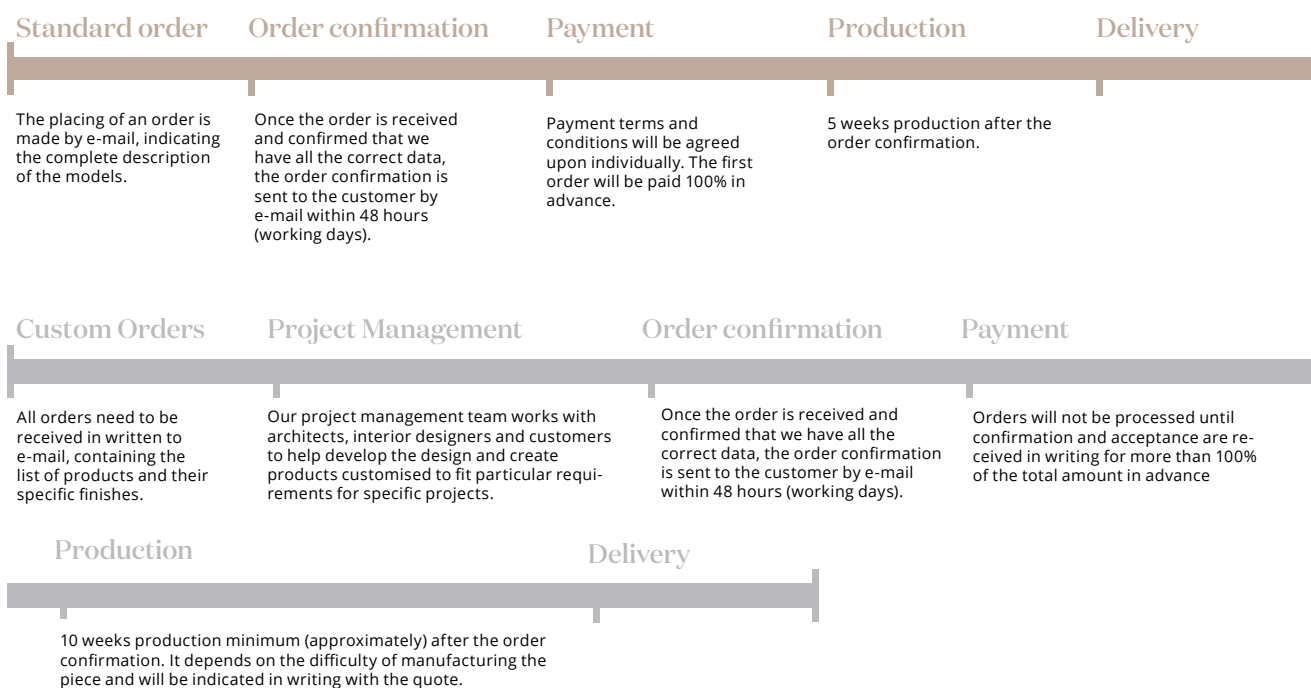

The guarantee is valid for 5 years from the date of the invoice of Viccarbe, except for the custom orders which is 2 years.

During the term of the guarantee, the holder thereof shall be entitled to at least:

a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.

b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was intended, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

ECOALF

- G2:** ECOALF 48.3

— ADDITIONAL INFORMATION

The fabrics used are of the best quality in their category and subjected to prior testing. Even so, they cannot be formally guaranteed, particularly with respect to colour differences between the samples and products delivered at different times, as it is impossible to ensure a perfect match between the upholstery of an original composition and elements added later.

The footage indicated is based on a fabric width of 1.40 m. In the case of leather upholstery (C.O.L.), the metres that figure in the price must be multiplied by 1.6 to calculate the necessary square metres.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

— CAMIRA STAY SAFE

As a novelty, we now offer the option of including the Camira Stay Safe treatment to some fabrics graded in. An advanced textile treatment, which reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interiors. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring upholstery does not act as a potential source of transmission.

In a world in which hygiene and health are today's top priorities, Camira StaySafe can help create safer interior spaces by providing an enhanced level of protection against viruses and bacteria. It is perfect for multi-occupancy furniture – in waiting areas, public transport

vehicles, breakout spaces, restaurants, hotels, educational settings, residential and many more.

The "Stay Safe" treatment is available for the following Camira fabrics:

- G1:** XTREME, URBAN
- G2:** ERA
- G3:** AQUARIUS, BLAZER

Please contact our sales department for a quote and for more information.

— C.O.M. | C.O.L.

They can be provided at the price indicated in the category for customer-supplied fabric (G1), but the fabrics must arrive at our factory with all shipping costs paid.

Any additional costs attributable to the customer-supplied fabric will be charged in the invoice.

Customer-supplied fabric notice:

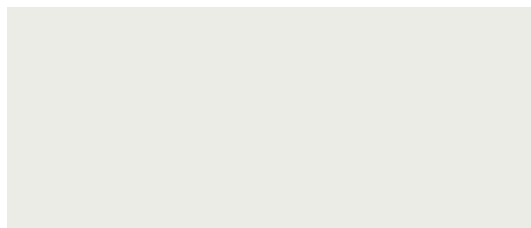

The customer-supplied fabric must be validated by the Viccarbe technical department before the item can enter production. Therefore you Viccarbe must send a 20cm x 20 cm sample of each customer fabric.

Please indicate the reference number of the order and product corresponding to the customer-supplied fabrics. The order cannot go into production until the fabric is received by Viccarbe.

Ears

BY PIERO LISSONI

CHAIRS AND STOOLS

The new chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us back in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

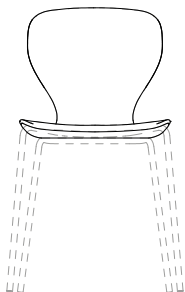

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This new chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and materials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

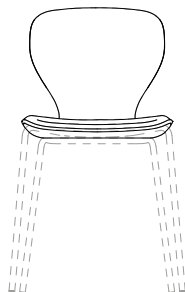

Stained

Stained curved oak plywood seat.

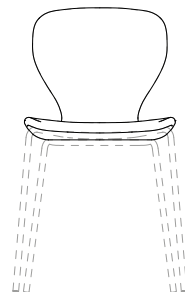

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

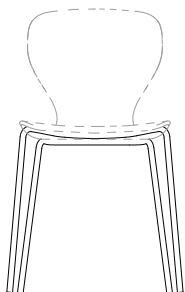

Smooth upholstered plywood seat covered with expanded polyurethane foam.

CHAIR BASE OPTIONS

Four metal legs

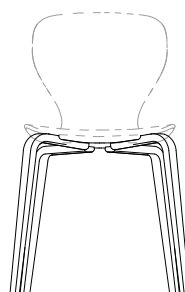

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

x10
Stackable up to
10 units.

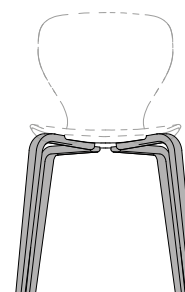

Four wooden legs

Curved legs in natural oak plywood with the finishes of our collection and white (open pore). Plastic glides in white or black.

Four upholstered wooden legs

Curved legs in natural oak plywood upholstered in leather or ecoleather. Plastic glides in white or black.

Ears Chair

Funda Chair

2020, BY STEFAN DIEZ

CHAIRS AND STOOLS

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

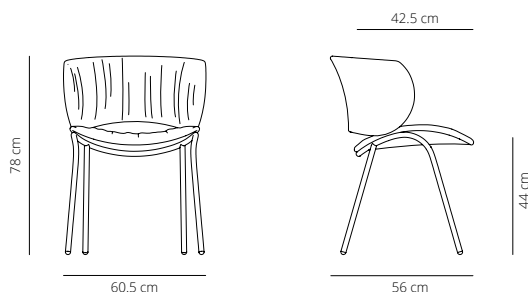

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black.
Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam.
Fabric or leather upholstery with the finishes of our collection.
Plastic glides.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Needed fabric for material:
1.40 m wide:

Copa^{NEW}

BY RAMOS & BASSOLS

CHAIRS AND STOOLS

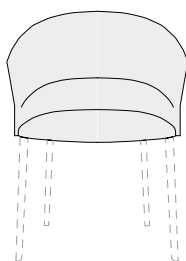

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide range of bases. The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Seat and backrest made of plywood covered with non-deformable expanded polyurethane of different densities.

Aleta

BY JAIME HAYON

CHAIRS AND STOOLS

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

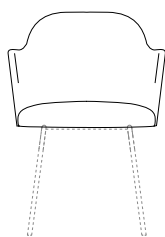

SEAT OPTIONS

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

**High backrest with armrest**

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

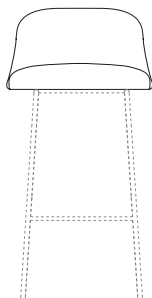

SEAT OPTIONS

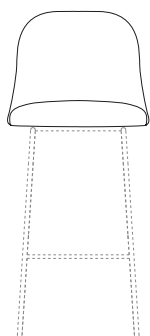

Low backrest

Moulded plywood seat and backrest covered with expanded polyurethane foam.

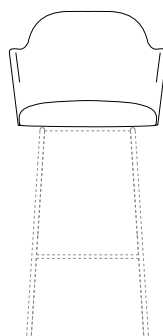

* Only available for stools.

**High backrest**

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

**High backrest with armrest**

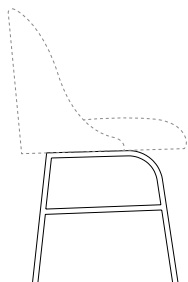

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

CHAIR BASE OPTIONS

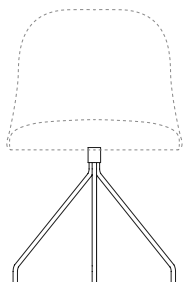

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

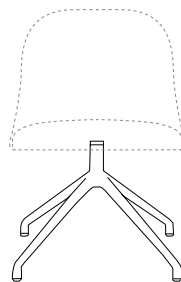

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

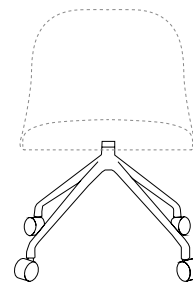

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

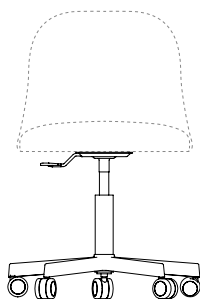

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white casters for soft floors.

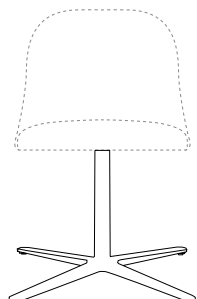

Five casters

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white casters for soft floors.*

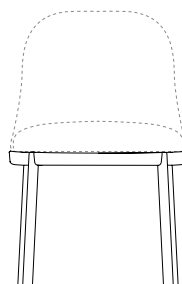

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides.

Four wooden legs

Structure in solid oak wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

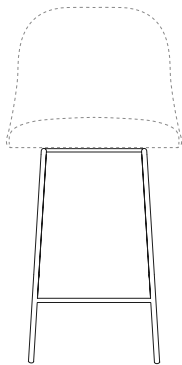

*6 weeks production time

STOOL BASE OPTIONS

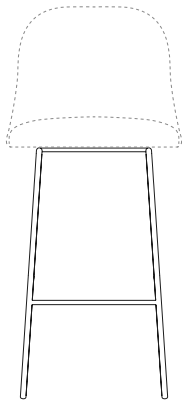

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

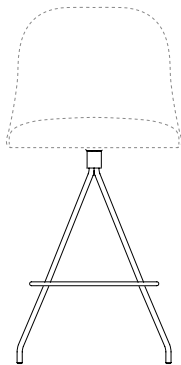

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

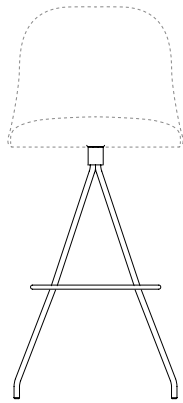

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

- 1- Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.
- 2- Moulded plywood seat and backrest covered with expanded polyurethane foam.
- 3- Fabric or leather.
- 4- Black or white glides with or without felt.*

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

Maarten Chair

BY VICTOR CARRASCO

VICCARBE · Price List 2021 EUROPE

V04 Jul.

Maarten Chair

2012, BY VICTOR CARRASCO

CHAIRS AND STOOLS

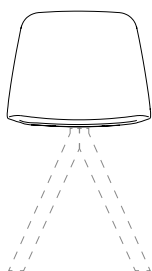

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s. Maarten is available in a wide: variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the soft and smooth versions.

Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

HIGH BACKREST SEAT OPTIONS

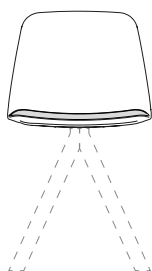

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick.

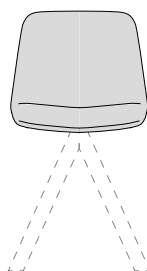

Plastic with cushion

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick with upholstered seat cushion.

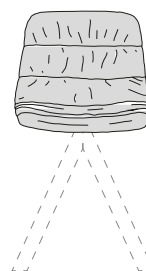

Smooth upholstery

Injected polypropylene seat with smooth upholstery.

Soft upholstery

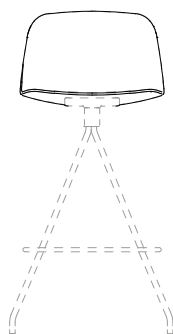

Injected polypropylene seat with soft upholstery.

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick.

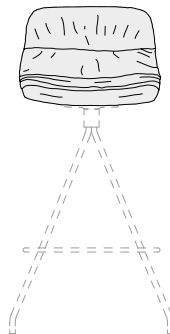

Smooth upholstery

Injected polypropylene seat with smooth upholstery in the finishes of our collection.

Soft upholstery

Injected polypropylene seat with soft upholstery in the finishes of our collection.

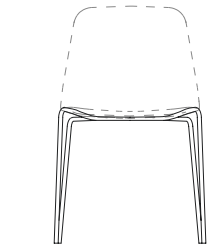

*Only available for stools.

CHAIR BASE OPTIONS

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Black or white plastic glides with or without felt.

x10 Plastic versions
stackable up to 10 units

x4 Upholstered versions
stackable up to 4 units

Sled

Calibrated steel structure powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides.

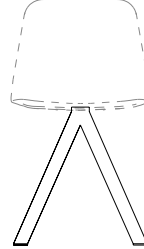

x10 Plastic versions
stackable up to 10 units

x4 Upholstered versions
stackable up to 4 units

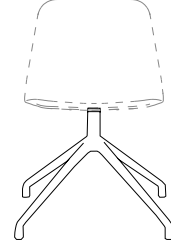

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Clear polypropylene injection glides.

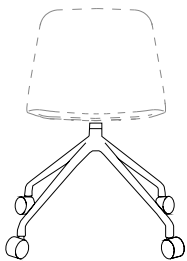

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Black or white plastic glides.

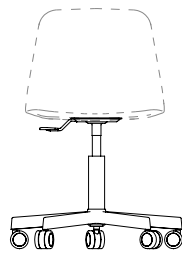

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white casters for soft floors.

Five casters

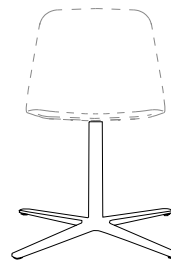

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white casters for soft floors*.

*6 weeks production time.

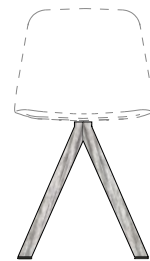

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Black or translucent plastic glides.

Wooden swivel

Calibrated steel swivel structure finished with oak veneer stained with the finishes of our collection.
Clear polypropylene injection glides.

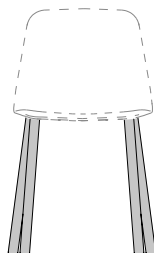

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

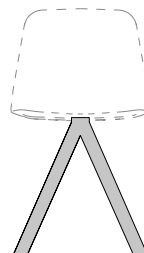

Four upholstered legs

Four solid oak wood legs upholstered with leather or ecoleather. Plastic glides with or without felt.

Upholstered swivel

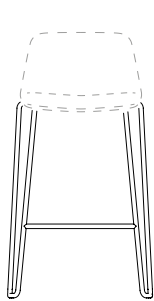

Calibrated steel swivel structure upholstered with leather or ecoleather.
Clear polypropylene injection glides.

STOOL BASE OPTIONS

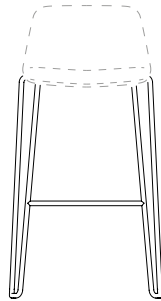

Sled counter stool

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides.

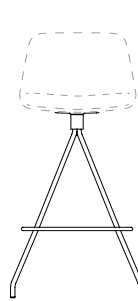

Sled bar stool

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides.

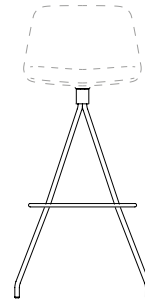

Swivel counter stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Black or white plastic glides wit or without felt.

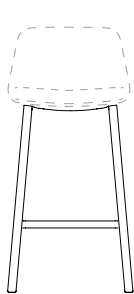

Swivel bar stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Black or white plastic glides wit or without felt.

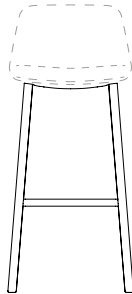

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes for our collection.
Calibrated steel footrest powder coated in black thermoreinforced polyester.
Plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes for our collection.
Calibrated steel footrest powder coated in black thermoreinforced polyester.
Plastic glides with or without felt.

AUDITORIUM SEAT OPTIONS

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick. Screws or anchoring system not included.

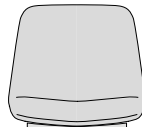

Plastic with cushion

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick and seat cushion. Screws or anchoring system not included.

Smooth upholstery

Injected polypropylene seat in smooth upholstery. Screws or anchoring system not included.

Soft upholstery

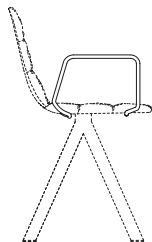

Injected polypropylene seat in soft upholstery. Screws or anchoring system not included.

ARMREST OPTIONS

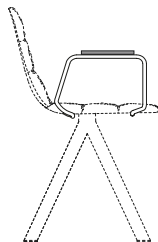

Armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

BY VICTOR CARRASCO

CHAIRS AND STOOLS

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather.

Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a

handle for moving it about easily and as a support on which to hang handbags and the like.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

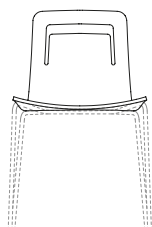

For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.

SEAT OPTIONS

Stained / Lacquered

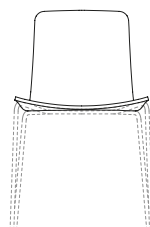

With handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back. Maximum weight supported by the handle: 15 kg.

Without handle

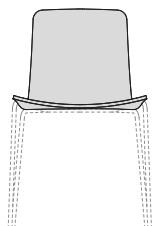

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

Upholstery

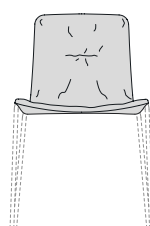

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

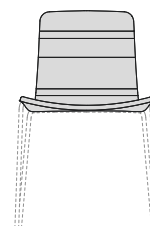

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

Lined upholstery

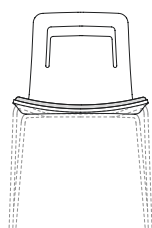

Plywood natural beech chair covered by expanded polyurethane foam, lined upholstery.

Combined

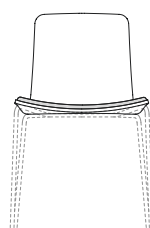

Stained / Lacquered with cushion and handle

Curved oak plywood stained or curved beech lacquered plywood lacquered in the finishes of our collection, with upholstered cushion and the handle in the back. Maximum weight supported by the handle: 15 kg.

Stained / Lacquered with cushion and without handle

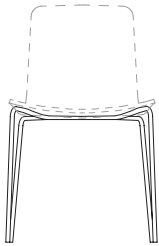

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with upholstered cushion and without the handle in the back.

Funda Lounge

BY STEFAN DIEZ

ARMCHAIRS

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

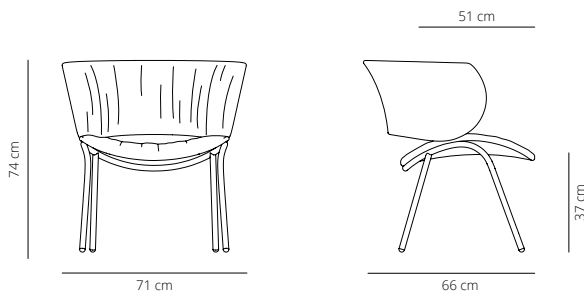

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Sistema

BY LIEVORE ALTHERR MOLINA

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

Great durability and adaptability to diverse environments. System, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

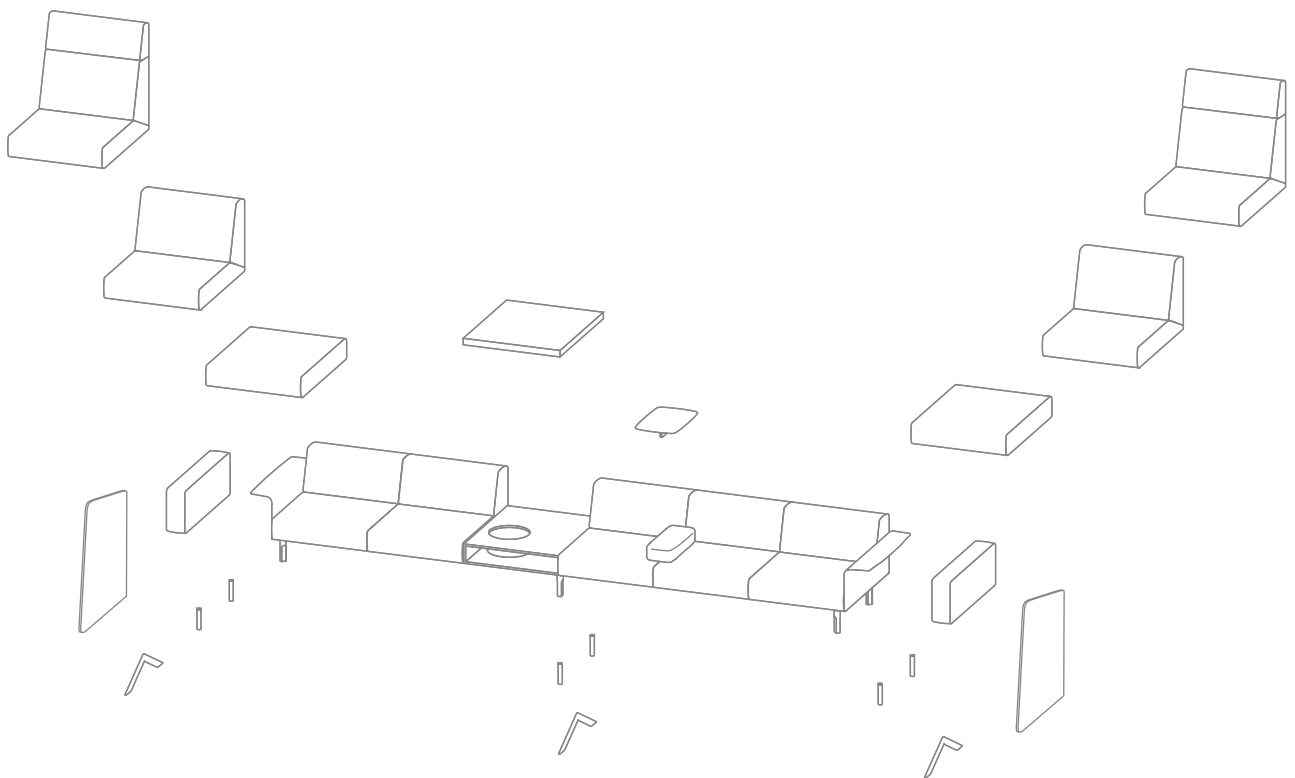

A meeting point between rationalism and warmth. Soft System emerges as an evolution of the System sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Season Sofa

BY PIERO LISSONI

Season Sofa

2017, BY PIERO LISSONI

SOFAS

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

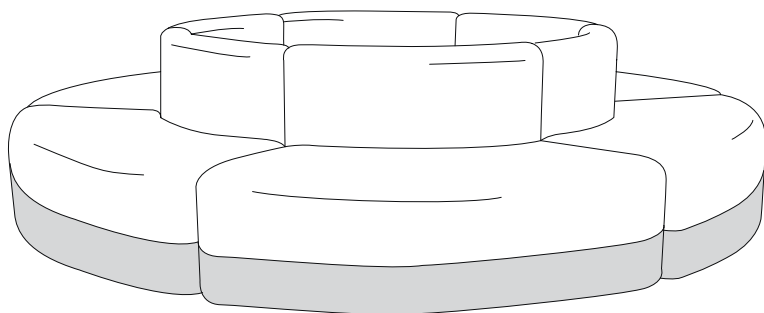

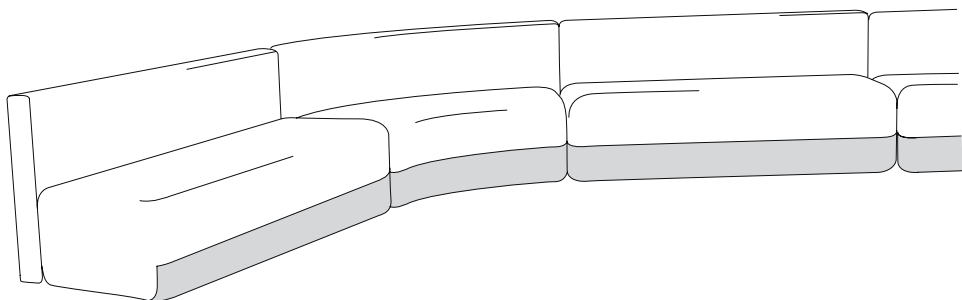

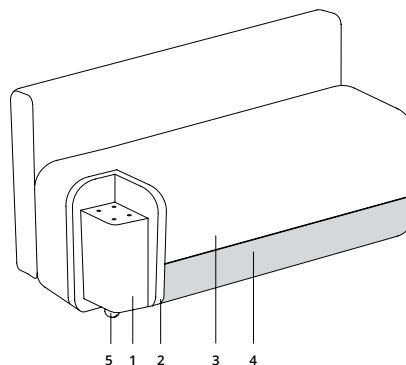

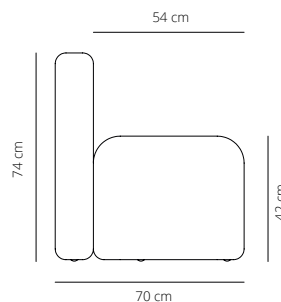

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Upholstery protection (technical fabric).
- 5- Height equalising legs.

**Check all the technical fabric colours available on [page 22](#).*

NOTE 1: A and B are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

NOTE 2: As the power devices are installed inside the upholstery, a tolerance of 3cm respect the dimensions provided may be expected.

Step

BY VINCENT VAN DUYSSEN

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

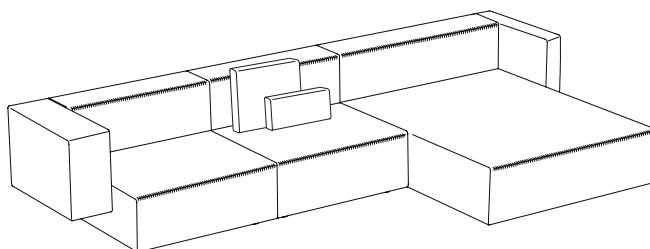

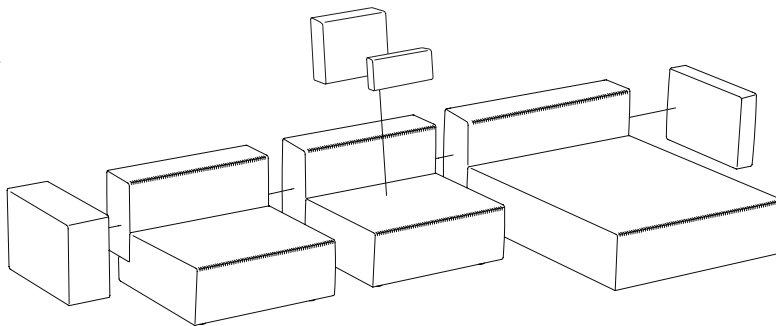

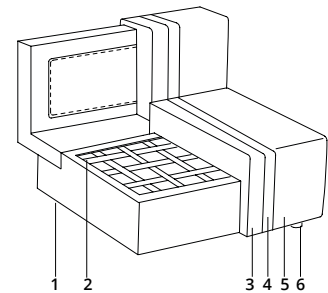

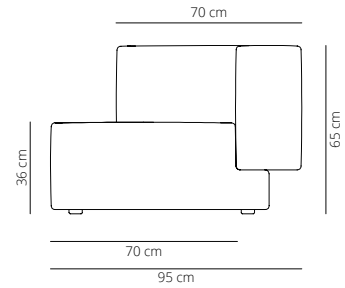

Despite its precise and formal geometric design, it is surprisingly comfortable, which makes it perfect for the residential use.

The tolerance of the different elements can be +/- 3 cm.
Cushions made of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Not produced in leather.

- 1- Interior structure of the arms, back and seat in solid wood.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat and back structure.
- 3- Expanded polyurethane foam in different densities.
- 4- Polyester fibre covering.
- 5- Fabric.
- 6- Adjustable legs in height.

HANDMADE

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

Cushion 50x50: 0.55 m

Levitt

BY LUDOVICA + ROBERTO PALOMBA

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt is a collection of modular sofas and armchairs that allow to multiply compositions and finishes.

The seat depth of the sofa is 90 cm without cushions so do not forget to order the back cushions that you need.

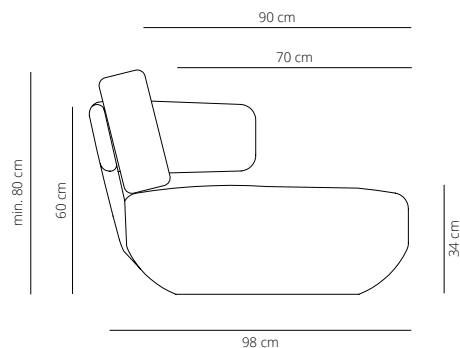

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.

The tolerance of the different elements can be +/- 3cm.

Indicate in the order the cushion/back that you would like.

Cushions in washed duck and goose feather with anti-acarus treatment.

Anti-feather scape cotton cover.

1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

2- Woven seat structure.

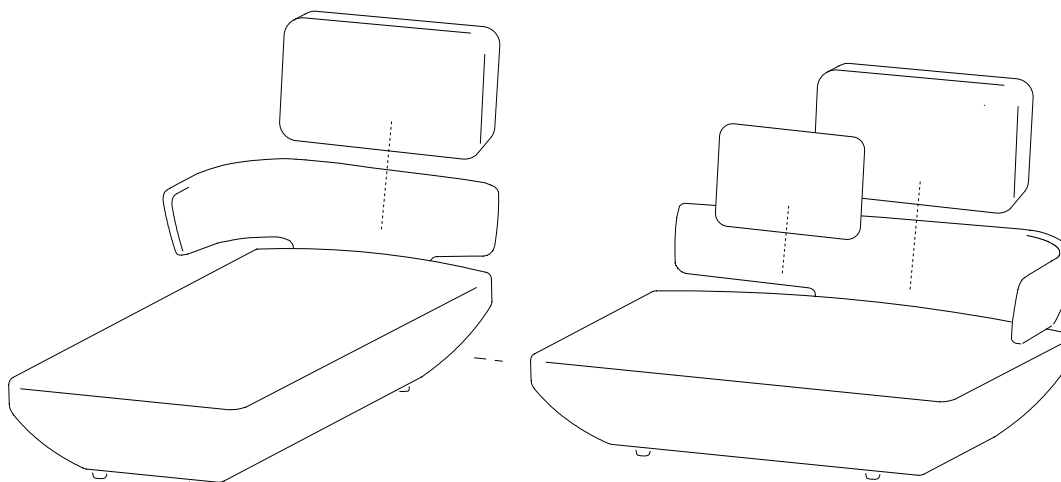

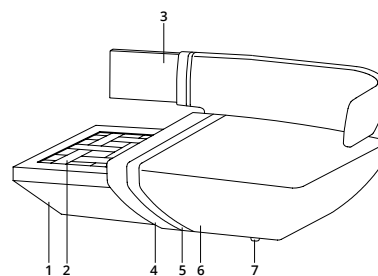

3- Structure in plywood with curved back.

4- Expanded polyurethane viscoelastic foam in different densities.

5- Polyester fibre covering.

6- Fabrics or leather.

7- Height equalising legs.

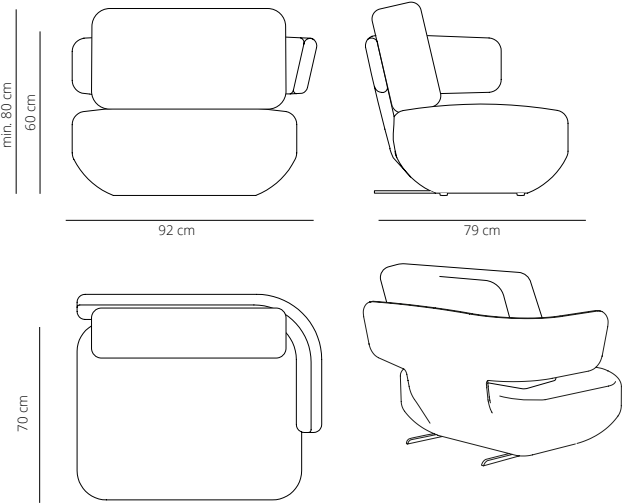

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Needed fabric for material 1.40 m wide:

- Armchair: 3 m
- Sofa 152: 5.2 m
- Backrest 55x48: 0.95 m
- Backrest 70x48: 1.2 m

Armchair

34 kg
(x1) 99x92x65cm (0.59 m³)

POWER POSITION OPTIONS

Bench 190 cm

Bench 250 cm

NOTE 1: A, B, C, D, E, F and G are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

NOTE 2: As the power devices are installed inside the upholstery, a tolerance of 3cm respect the dimensions provided may be expected.

Torii

BENCHES

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The new bench designed by Ludovica + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed in collaborative

spaces and it can also take many different possible finishes (colours, upholstery and electrics).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat made from plywood covered in non-deformable foamed polyurethane.

Backrest made from curved oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from plywood covered in non-deformable foamed polyurethane.

Black or white injection polypropylene glides.

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

Seat and backrest cushion made from 5 mm thick MDF covered in non-deformable foamed polyurethane.

There are two cushion models with different widths.

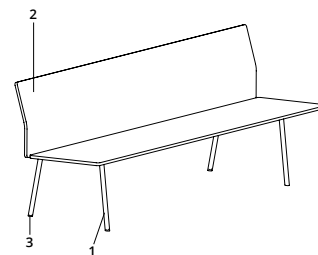

The position of the cushions on the bench is predefined by a series of set configurations (page 272)

*Possibility of adding a USB hub to charge electronic devices.

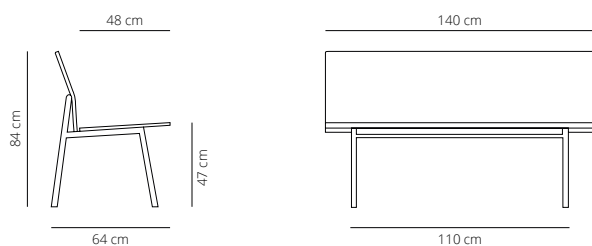

Test certificates: ANSI/BIFMA X5.4-2012 and UNE-EN 16139:2013 vc 2015

- 1- Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
- 2- Seat and backrest made from natural oak plywood stained with the finishes of our collection.
- 3- Black or white injection polypropylene glides.

POWER OPTIONS

USB hub

 Installed and included in the package

CODE	FINISHES	PUBLIC PRICE
TOUSB	black	53 €

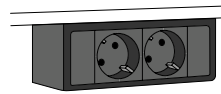

Built-in USB hub for charging electronic devices.
Available in white or black.

Dimensions: Ø 3 cm

*The bench can be provided with the USB hub on the right or left side.
Indicate the desired option in the order, remembering that left / right is
understood by looking at the element for manufacturing purposes.*

Under seat powerbox

 1.7 kg

 (x1) 34x18x9cm (0.0055 m³)

CODE	FINISHES	PUBLIC PRICE
TOEL-E	black	158 €

Powerbox available with two shockets or combined
with built-in multimedia devices. Black aluminum
frame available.

Dimensions: 16.8x5.4x5.4 cm

For all available power options **see page 413**.

The cable length is 0.3 meters with Wieland
connector. The power connection cable is not
included, and will have to be provided by the
customer.

CUSTOMIZATION

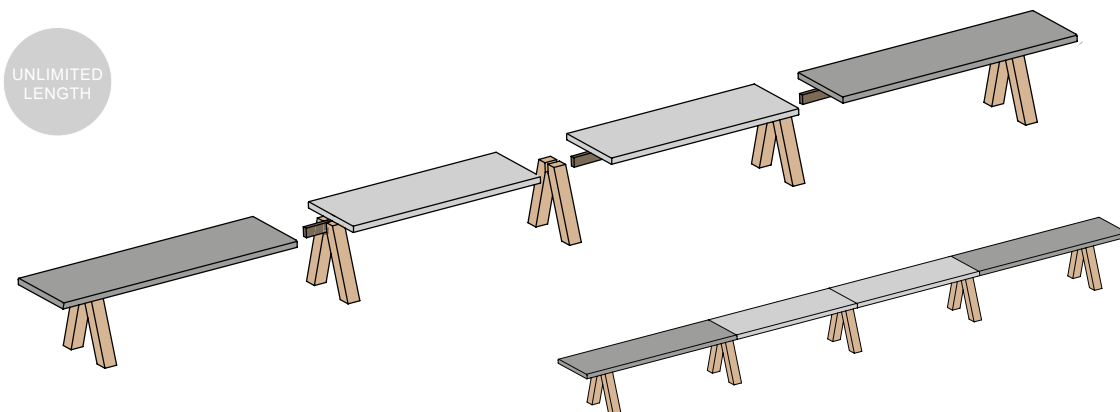

Custom foams and shapes of the backrest are available upon request. If you would like this, please indicate it on the order and attach a sketch.

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions.

For those compositions, it will be necessary to choose two end seats, central seats according to the length of the table, and the legs (the number of legs will be the result of the number of total seats plus 1).

Colour code:

- Central seat
- End seat
- Legs

Needed fabric for material 1.40 m wide:

Central seat smooth upholstery: 1.60 m

Central seat padded upholstery: 1.75 m

End seat smooth upholstery: 1.90 m

End seat padded upholstery: 2.15 m

Common

BY NAOTO FUKASAWA

BENCHES

Test certificates: ANSI BIFMA X5.4-2012 (H 39.5 cm)

(See test certificates list on page 412)

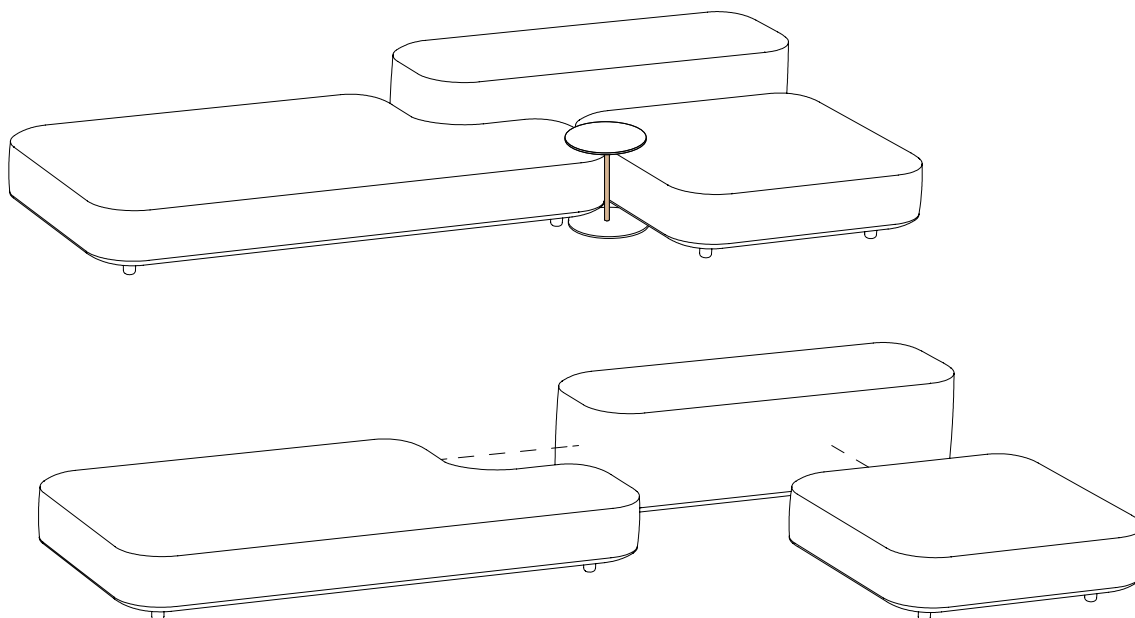

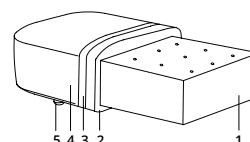

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 3 cm.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this piece Viccarbe is using wood from certified sustainable forestry sources
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric.
- 5- Legs in matt varnished natural beech.

NOTE: Leather and some technical upholstery models are manufactured with different seams.

*Felt glides available with an upcharge of 4€.

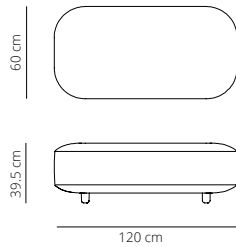

If not indicated, the chair will be produced with plastic glides.

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Season Pouf

BY PIERO LISSONI

Season Pouf

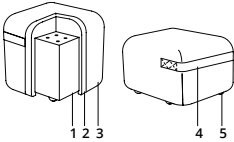

2014, BY PIERO LISSONI

BENCHES

Piero Lissoni's successful collection grows with poufs of new dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educational spaces where agility and dynamism are paramount - as well as his particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

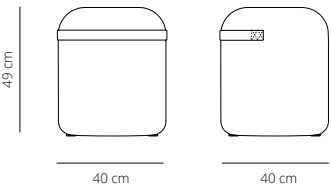

- 1- Interior structure in solid wood and perforated top of micro particles low in formaldehyde. For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Strap or belt produced in high-resistance technical fabric black, grey and red.
- 5- Hidden casters or height adjustment legs.

Needed fabric for material
1.40 m wide:
Season Pouf 40: 1.45 m

Solar

2021, POR MARC KRUSIN

TABLES

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating.

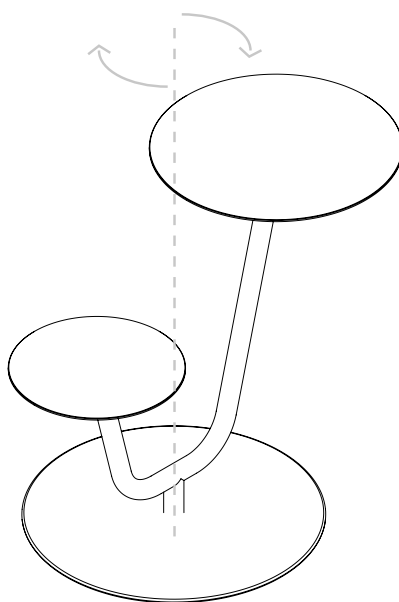

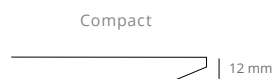

It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy. The structure is made of steel.

The table is made of MDF board or compact with the finishes of our

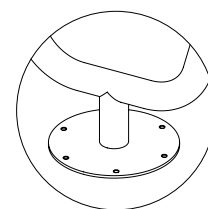

collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times.

A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

TABLES

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 74).

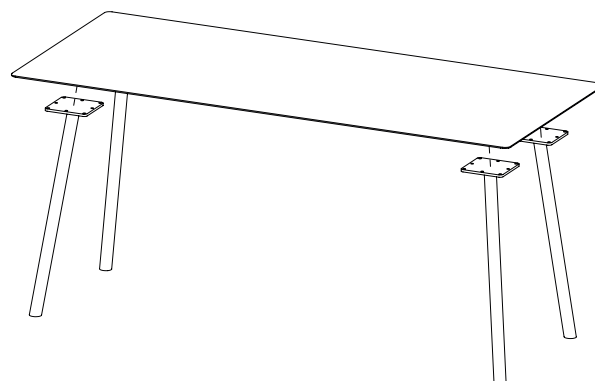

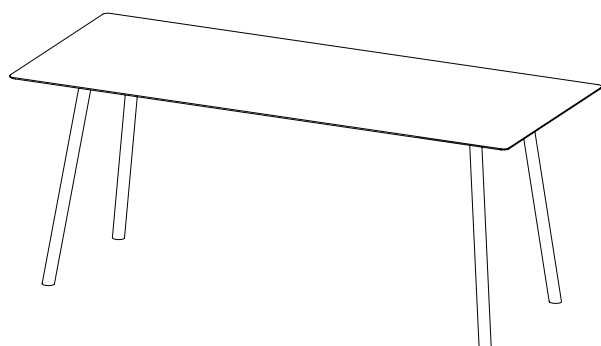

Maarten is a collection of tables and complements that allows many compositions and finishes.

The legs, which come in heights of 30 or 74 cm, are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, fluorescent orange or a stained oak veneer with the finishes of our collection.

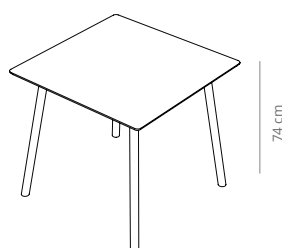

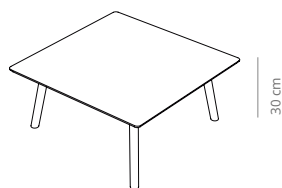

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

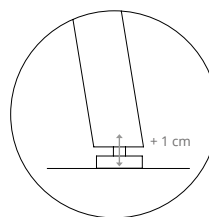

Thickness and type of table top edge:

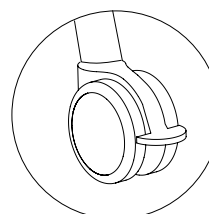

Different measures available for the height of the table:

Burin

BY PATRICIA URQUIOLA

TABLES

Burin is a symbolic tribute to traditional wood carving tools. The unmistakable silhouette of the base runs through this extension of the collection to include a new table with a central base, available in different heights and a double version for large surface areas.

Conceived for both homes and community spaces, the new Burin table gives continuity to the family that was launched in 2011 with the side table designed by Patricia Urquiola.

Central support available in roto-moulded polyethylene in white, black or taupe.

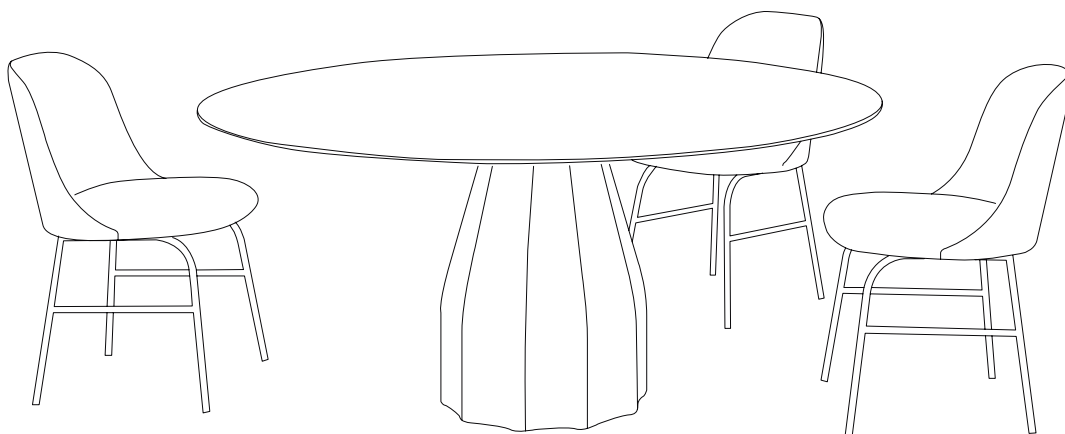

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

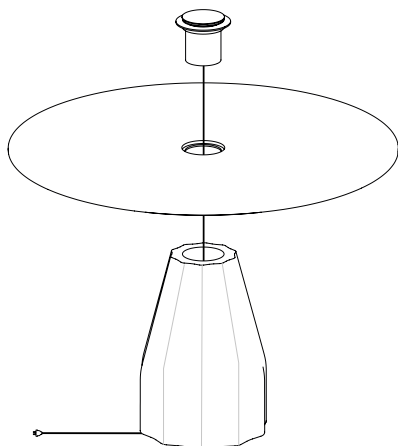

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edges available for each material:	MDF (stained / laquered) HPL with MDF	Melamine	Compacto
	 30 mm	 19 mm	 12 mm

More table top information on page 23

Power options:

Heights and bases available:

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Pop-up sockets

0.6 kg

(x1) 21x16x16cm (0.005 m³)

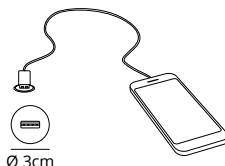

CODE	FINISHES	PUBLIC PRICE
BUTC	stainless	305 €

Built-in pop-up socket cylinder made of stainless steel can have 2 Schuko sockets or 1 Schuko socket + 2 USB hubs. For different configurations, contact the sales department. The cylinder is hidden and pops up by gently pressing on it, offering the possibility of connection on four sides.

NOTE: Not available for compact tabletops.

NOTE: The cut out is included only if it is in the center of the base column.

USB hub

Ø 3cm

Installed and included in the table top box

CODE	FINISHES	PUBLIC PRICE
BUUSB	white or black	53 €

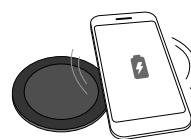

Built-in USB hub for charging electronic devices.

Available in black or white.

Dimensions: Ø 3 cm

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Wireless charger

1.7 kg

(x1)

CODE	FINISHES	PUBLIC PRICE
BUWI	black	215 €

Built-in wireless charger compatible with all devices with Qi version 1.2 wireless charging system. It has quick charge system.

Dimensions: Ø 8 cm

NOTE: Cut out is included only if it is in the middle of the table.

Table top hatch

1.2 kg

(x1) 34x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
CAP	black, white or grey	126 €

Metallic hatch access to the lower part of the table.

Available in white, black or grey.

Does not include power options.

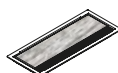

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact tabletops.

NOTE: Only available for models: BUC140, BUD150, BUC240, BUC300 and BUC500.

Table top hatch plus

1.2 kg

(x1) 34x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
CAPP	black or grey	152 €

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact tabletops.

NOTE: Only available for models: BUC140, BUD150, BUC240, BUC300 and BUC500.

Cut out

CODE	FINISHES	PUBLIC PRICE
BUMEC	-	110 €

Custom table top measure. The price is per table top.

(x1) 34x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
BOXP-E*	black or grey	357 €
BOXP-M*		467 €

BOXP-E: 4 sockets

BOXP-M: 4 devices (sockets and multimedia)

Metallic hatch for wooden table tops with 4 sockets or combined with built-in multimedia devices. Metal frame available in black or grey and central part in the veneer of the finish of the table.

Dimensions: 32x15 cm

* Cut out not included.

For all available power options **see page 413.**

NOTE: Not available for compact table tops.

NOTE: Only available for the models: BUC140,

BUD150, BUC240, BUC300 and BUC500.

Each hatch has 4 modules (sockets or multimedia devices) to install power options.

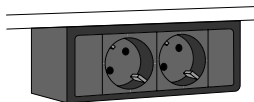

The modules can be complete (1) or half module. (1/2).

The power options are under the UNE-EN 50085 standards.

For the references BOX-E, BOX-M, BOXP-E, BOXP-M y BUEL-E the cable length is 0.3 meters with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

NOTE: Power options not available for models BUC500 and BUC500TX if it interferes with the center leg.

Under table powerbox

1.7 kg
(x1) 17x18x9cm (0.005 m³)

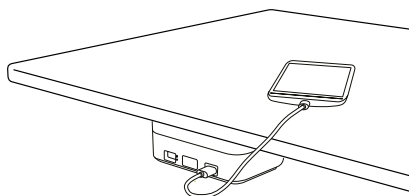

CODE	FINISHES	PUBLIC PRICE

Trestle

BY JOHN PAWSON

Trestle

2014, BY JOHN PAWSON

TABLES

Test certificates: ANSI/BIFMA X5.5:2014, UNE-EN 15372:2017, UNE-EN 527-1:2011 and UNE EN 527-2:2017 A1:2019

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height.

Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.
Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (90 cm and 120 cm):

- 30 mm MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Also available in micro-textured lacquer in white, black or taupe.
- High pressure HPL laminate in black or white on a 30 mm thick MDF board with stained edges in transparent.

NOTE: For tables equal to, or longer than 480 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edge:

COMPONENTS FOR TABLE COMPOSITIONS

Apart from those suggested, there is a possibility to create your own table compositions.

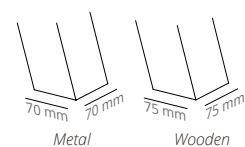

For those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

Colour code:

- Central top (TRMC - TRMCA)
- End top (TRME - TRMEA)
- Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

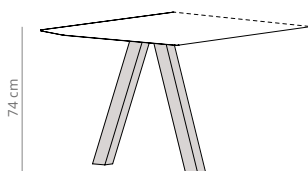

**The measure for metal legs and wooden legs is slightly different.*

WIRE MANAGEMENT

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

USB hub with battery

1.4 kg

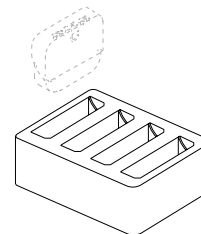

(x1) 40x20x25cm (0.02 m³)

CODE	FINISHES	PUBLIC PRICE
TREEL-B	black	221 €

USB hub with two USB device charging ports without being plugged into electric current.

It's needed to buy the battery charging tray to charge the USB hub battery.

Battery charging tray

1 kg

(x1) 40x20x25cm (0.02 m³)

CODE	FINISHES	PUBLIC PRICE
TREEL-C	black	257 €

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Includes magnetic key to remove the station from its support.

Each hatch has 4 modules (sockets or multimedia devices) to install power options. The modules can be complete (1) or half module. (1/2). The power options are under the UNE-EN 50085 standards.

For the references BOX-E, BOX-M, BOXP-E, BOXP-M y TREEL-E the cable length is 0.3 meters with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

POWER POSITION SUGGESTIONS

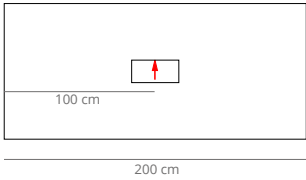

Below are some options for the electrification of the Trestle table. For options other than those shown, contact with the sales department. Please include the reference code of the machining in your order.

All the cut outs presented have the measure of a standard power box (32x15cm), compatible with the references CAP, CAPP, BOX-E, BOX-M, BOX-P-E and BOX-P-M.

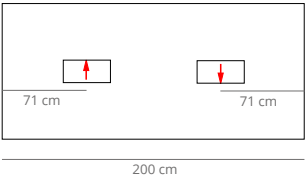

All cut out options are valid for both 90 cm and 120 cm tables.

Aspa

BY FR DESIGN

Test certificates: ANSI/SOHO S6.5 R2013 y UNE-EN 15372:2008

(See the test certificates list on page 326.)

Base in calibrated powder coated steel tube in thermoreinforced polyester in black or white.

Different base sizes available. The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- "Sandwich" consisting in two parts, where the underneath part is always lacquered in the same colour as the base (black or white) and the top is in MDF lacquered or oak veneer finishes of our collection.

-Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or

white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for

a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

NOTE 2: Due to the fact that the wood used is natural, the finish may vary.

Thickness and type of table top edges available for each material:

TABLES

Base in powder coated steel in thermoreinforced polyester in white (RAL 9016), grey (RAL7004) or black (RAL9005). The white base of the Stan table is in RAL 9016.

Different base sizes available.

The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

**The term of manufacture of the Stan tables is 6 weeks.*

NOTE: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the compact table.

Thickness and type of table top edges available for each material:

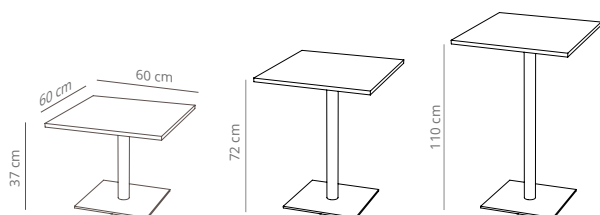

Melamine | HPL

Compact

For more information about the types of table tops, see page 23

Trino

BY ELISA OSSINO

Trino

2020, BY ELISA OSSINO

LOW TABLES

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a new range of side tables.

Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The new Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

Function and form meet again on this occasion to promote conversation between objects and space.

Top and base in calibrated steel structure powder coated in thermoreinforced polyester in single-color black.

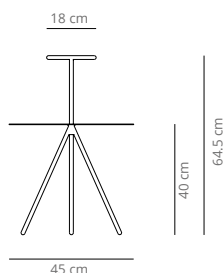

Available with three different types of handle:

- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.

- Solid oak sphere model stained in natural matt finish.

- Marble sphere model in Indian Green color.

Aleta

BY JAIME HAYON

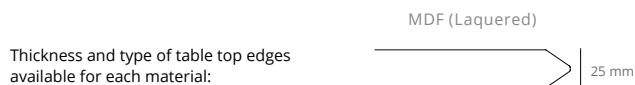

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5:2008 (R2013)

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.

Table top available in different measures, materials and thickness:

- 25 mm lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.
- Melamine (LPL) thickness 19 mm with 1.5 mm PVC edge, in black or white.
- High Pressure Laminate (HPL) thickness 19 mm with 1.5 mm PVC edge, in black or white.

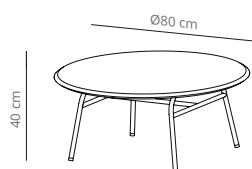

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

For more information about table tops, see page 23

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

NAGI high armchair

The model tested complies satisfactorily with specifications of standards UNE EN 16139:13, according to the following tests:
General requirements for safety.
Front roll-over stability.
Rear roll-over stability.
Stability roll-over in rocking chairs.
Static on seat load.
Load static on the front edge of the seat.
Durability of the seat and backrest.
Durability of the front edge of the seat.

SERRA rectangular

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.

Environmental information

PFC Free. Recycled polyester from plastic bottles. Most of the recycled polyester we use is made out of recycled plastic water bottles (PET, Polyethylene Terephthalate). These bottles are recycled with a mechanical process that first transforms them into flakes and pellets to then be spun to high-quality yarn.

PERMABLOK³®
ADVANCED VINYL PROTECTION

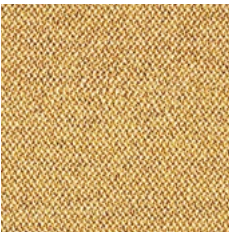

*Protections

A vinyl protective coating engineered to create a tough, effective barrier against the three biggest problems encountered in healthcare and hospitality environments: germs, abrasions and stains. You can't see it or feel it, yet the protection it offers results in extended performance and lasting beauty with a minimum of care.
