CVR-nr.: 31423406

*Besides of the standard variants that by Lassen recommends it is possible to order the furniture as CC, COM or COL.

CC definition:

A CC (Customers Choice) furniture, is a variant within by Lassen's own fabric and leather collection. When the furniture is not shown on the cover card for the specific fabric, or the colour wanted is different from the standard by Lassen colours, the furniture must be ordered as a CC item. Please contact sales support for more information and prices.

If two textiles are combined on the same product, the price is calculated according to the standard version of the most expensive textile, plus 5% additional price.

COM definition:

A COM (Customers Own Material) furniture is a variant outside of by Lassen's own fabric and leather collection. The customer is obliged to purchase the fabric required and send it to By Lassen. By Lassen will then make sure that the fabric is used on the furniture required.

COL definition:
