Stone

Marble and limestone are natural materials where two surfaces are never alike. The stones can contain sediments from fossils, sand holes, glass veins and porosity and all are indicators of genuine stone while attributing to the natural character of the surface. Not all models are available in all surfaces. Marble is not flexible and won't respond well to heavy loading. Never sit or stand on your marble tabletop and avoid placing particularly heavy items on it. Max load is 20 kgs.

NAME	DESCRIPTION
Black Marquina Marble	Black Marquina is an elegant marble with a matt, black surface with natural strong white veins. The intense marble takes its name from the quarries around the town of Marquina from which it is extracted. The irregular white veins can vary considerably from batch to batch. Black Marquina is sourced from Spain.
White Carrara Marble	White Carrara is a classic white marble with a matt surface, characterised by the occurrence of natural and irregular grey veins. White Carrara has been used for centuries by architects, designers and artists alike. The white surface can vary in tone and the occurrence of grey to almost black veins can likewise vary in quantity and strength. White Carrara is sourced from Italy.
Dark Atlantico Limestone	Dark Atlantico is a limestone with a beautiful natural surface and warm colour tones in umbra grey shades. Possible aspects of fossils and sediments. Large colour differences to be expected. Extremely sensitive to acids, which can leave non-removable marks. Dark Atlantico is sourced from Portugal.
Ivory Quartzite	Ivory Quartzite is a light and elegant stone with a matt ivory surface. The nuances can vary including the possibility of both light and darker veining. Resistant to acids and scratching. Ivory Quartzite is sourced from Brazil.
Tundra Grey Marble	Tundra Grey Marble is an exquisite natural stone with a unique blend of cloud-like grey hues and pearl tones. Its intricate veining patterns create a mesmerizing visual effect with a fine-grained surface which is smooth to the touch. Tundra grey is sourced from Turkey.
